Spain and the Basque Country - A Case Study Stefan Vedder, 2010 Essay from the year 2010 in the subject Politics International Politics Region Western Europe grade 10

University of Wales Aberystwyth Department of International Politics language English abstract Basques are living in seven provinces at the Bay of Biscay on the territories of France three rather small provinces and Spain which constitute the greater Basque Country or Euskal Herria In Spain the southern and by far bigger part of Euskal Herria consists of the autonomous community Navarra and the autonomous community Basque Country Euskadi with its three provinces Leizaola and Vizcaya Basque nationalists in Euskadi claim especially Navarra as part of their territory The Basque conflict can be described as a nationalist struggle based on ethnicity which is particularly vital and violent in Euskadi Nationalists in the Basque Country are claiming the right for self determination and sovereignty in contrast to the Spanish government which is reluctant to grant the Basques sovereignty Attacks executed by the separatist terrorist group ETA which have yet left more than 800 dead are the violent excesses of the conflict The case study pays special attention to the distinct features of the conflict by analysing the Basque society As there has not yet been any progressed peace process the hitherto existing efforts towards peace are being traced and those problems revealed especially the issue of spoiling that prevented a sustainable peace process from getting kicked off A glance into the future is then dared that takes into consideration recent political changes *The Basque Country* Romilly Fedden, Katharine Fedden, 1921 *The Basque Country* James Robert Jump, 1976

The Basque Country Paddy Woodworth, 2007-12-27 In *The Basque Country* Paddy Woodworth takes us on a sweeping tour of this enchanting land We discover a small territory which abounds in big contrasts ranging from moist green valleys to semi desert badlands from snowy sierras to sandy beaches from harsh industrial landscapes to bucolic beech woods *The Basque Country* Katharine Waldo Douglas Fedden, 1921 *The Impact of the First World War on the Basque Country* Eneko Bidegain, 2025-03-01 This book tells the story of the First World War from the perspective of the Basque Country It recounts the background to the First World War to set context and talks about how this war was experienced in the Basque Country including the after effects it left behind especially the human devastation wrought by the war The social economic and political consequences it had in the Basque Country are discussed in this work as it is clear that this conflict had a decisive influence on the future of the Northern Basque Country and its ties with France *Your Guide to the Basque Country of France and Spain* Guy Sneath, 1966 **The Basque Country** Yasna Maznik, 2002 The Basque country straddles both France and Spain but its strong sense of a distinct and separate nationhood gives it a very different identity making a stay in this region quite unique The coastline is lovely and resorts such as St Jean de Luz San Sebastian and Biarritz are buzzing during the summer months Dice with death and run with the bulls in Pamplona explore the Guggenheim in Bilbao hot new destination for the Brits catch up with the pilgrims on their way to Santiago de Compostela at Saint Jean Pied de Port Then to restore the energy levels tuck into a plate of piperade or poulet basquaise washed down with a glass of Rioja or Irouleguy *Peacemaking in the Basque Country* Siamak Khatami, 2013 In recent years not only in Spain but in the West in general we have been witnesses to a war against phenomena broadly grouped together under the heading of terrorism and

yet the problem not only continues but moreover there does not appear to be any major signal that would indicate to us that those who belong to the other side the terrorists may be weakening Just as in Afghanistan President Obama's administration appears to have settled on a policy of separating the moderates from the radicals within the ranks of the Taliban and seeing into the possibilities of negotiating with them In Spain too various administrations ever since democracy returned to Spain with the death of Franco on November 20 1975 and the promulgation of a new constitution on December 6 1977 have tried to negotiate with Euzkadi eta Askatasuna ETA Basque Homeland and Freedom in the Basque language in order to end the problem of nationalist separatist political violence in the Basque Country in northern Spain including the provinces of Araba Gipuzkoa Navarre and Bizkaia

Rethinking Stateless Nations and National Identity in Wales and the Basque Country Sophie Williams, 2018-08-10 This book looks at the fundamental components of national identity as understood by ordinary nation members and the way in which it is mobilised by political elites Drawing on an original case comparison between Wales and the Basque Country the author suggests there are many commonalities between these two nations particularly around the fundamentals of their national identities However differences occur in terms of degree of intensity of feeling and around the politicisation of identity with more entrenched and hostile political positioning in the Basque Country than Wales Through a multi level comparison the book generates insights into national identity as a theoretical concept and in a stateless nation context It argues for national identity's intangible yet polemical nature looking at the primordialist way it is understood its permanence and importance coupled with its lack of everyday salience and consequent obligations

Corsica and the Basque Country Wolfgang Büttner, 2001-05-01 Are violent national movements in a democratic Western Europe possible The conflicts on Corsica and in the Basque country are evidence that they are The book unveils the background and development of both conflicts within the structured framework of a comparative analysis It presents the conflicts separately giving a general overview of their backgrounds and developments The two conflicts are compared by pointing out their similarities and differences The diverging outcomes of the conflicts in the year 2000 are explained Finally the results of the comparison are applied to a theory of ethnic terrorism The author Wolfgang Büttner is a student in history political science and economics at the Freie Universität Berlin Germany His special field of interest concerns ethnicity and ethnic conflict In spring 2000 he was a fellow at the Department for Peace and Conflict Studies Uppsala University Sweden

The Land of My Fathers Robert Laxalt, 2012-02-01 In 1960 renowned Nevada writer Robert Laxalt moved himself and his family to a small Basque village in the French Pyrenees The son of Basque emigrants Laxalt wanted to learn as much as he could about the ancient and mysterious people from which he was descended and about the country from which his parents came Thanks to his Basque surname and a wide network of family connections Laxalt was able to penetrate the traditional reserve of the Basques in a way that outsiders rarely can In the process he gained rare insight into the nature of the Basques and the isolated beautiful mountain world where they have lived for uncounted centuries Based on Laxalt's

personal journals of this and a later sojourn in 1965 *The Land of My Fathers* is a moving record of a people and their homeland Through Laxalt's perceptive eyes and his wife Joyce's photographs we observe the Basques market days and festivals join their dove hunts and harvests share their humor and history their deep sense of nationalism their abiding pride in their culture and their homes and discover the profound sources of the Basques strength and their endurance as a people

part of an encyclopedia particularly in connection directly or indirectly with the language In fact while this book offers little information about items of contemporary culture that is not the work s main subject it is more centered on ethnology and anthropology which is why the language takes such a prominent place the Basques themselves using it to denominate their own ethnic group The Basque Country Katharine Waldo Douglas Fedden,Romilly Fedden,1921
