*Worldmaking Spenser* Patrick Cheney,Lauren Silberman,2014-07-15 Worldmaking Spenser reexamines the role of Spenser s work in English history and highlights the richness and complexity of his understanding of place The volume centers on the idea that complex and allusive literary works such as The Faerie Queene must be read in the context of the cultural literary political economic and ideological forces at play in the highly allegorical poem The authors define Spenser as the maker of poetic worlds of the Elizabethan world and of the modern world The essays look at Spenser from three distinct vantage points The contributors explore his literary origins in classical medieval and Renaissance continental writings and his influences on sixteenth century culture Spenser also had a great impact on later literary figures including Lady Mary Wroth and Aemilia Lanyer two of the seventeenth century s most important writers The authors address the full range of Spenser s work both long and short poetry as well as prose The essays unequivocally demonstrate that Spenser occupies a substantial place in a seminal era in English history and European culture

*The Gods of Entropy* Deryck Hockley,2020-12-09 The Gods of Entropy and the Fifth Yin follows Dyfed Lucifer the only descendant of the multi dimensional Hyperborean Masters of the Little Known Universe to be born on an earth that has a history remarkably similar to ours His mission is to reduce the suffering of humans the hoi polloi the fuzz on the peach and the salt of the Earth and give them the tools to think independently Standing in the way of Dyfed s mission are the Haploids the world s executive power elite who captain almost every ship of state These Haploids are the acolytes of myth and responsible for cults political ideology

fallacies and a corporate establishment that keeps the hoi polloi slaves to debt Thankfully as an immortal Dyfed has time on his hands for this epic quest that extends from early history to a gloomy future that despite the author's disclaimer bears a striking resemblance to the world at large today Witty sagacious and downright spicy The Gods of Entropy combines satire and surrealism to hold a mirror up to our own civilization that will make readers alternatively chortle and gasp and most importantly reflect The isle of Purbeck: the 'handy guide' to Swanage and all places of interest, by R.
