### **Abstract:**

Comparative politics is a field in political science, characterized by an empirical approach based on the comparative method. In other words, comparative politics is the study of the domestic politics, political institutions, and conflicts of countries. It often involves comparisons among countries and through time within single countries, emphasizing key patterns of similarity and difference. Arend Lijphart argues that comparative politics does not have a substantive focus in itself, but rather a methodological one: it focuses on "the how but does not specify the what of the analysis."

### **Key Words:**

Dissatisfaction, traditional, approach, scope, Comparative, Government, comprehensives, unrealistic, nature, unscientific, methodology, several, political systems, Asia, Africa, capable, organization, political institutions, new states, Realism, Precision, development, of Comparative Politics, Several, developments, post-war era, explaining, similarities, differences, explicitly, implicitly, Methodologically, comparison, distinguished, applicable.

### **Introduction:**

In other words, comparative politics is not defined by the object of its study, but rather by the method it applies to study political phenomena. Peter Mair and Richard Rose advance a slightly different definition, arguing that comparative politics is defined by a combination of a substantive focus on the study of

*The Study of Comparative Government* Roy C. Macridis, 1955      *The Study of Comparative Government and Politics* Gunnar Heckscher, 2013-06-17 Originally published in 1957 the first part of the book discusses the general problems of approach classification typology and terminology and examines ancillary fields of study and the methods of teaching comparative government Part Two is concerned with studies of particular areas democratic control of foreign policy political parties contemporary revolutionary movements parliamentary procedures electoral systems and elections and nationalized industries      *Comparative Politics* B. Guy Peters, 1998-10 This book examines the issues involved in the attempts to compare political systems and discusses how the methods and results of comparative politics can be improved      *The Comparative Study of Politics* David F. Roth, Frank Lee Wilson, 1980-01-01      Comparative Politics Judith Bara, Mark Pennington, 2009-03-19 Bara and Pennington's edited volume successfully fills a huge void in the market for introductory textbooks to comparative politics which previously offered either descriptions of political processes and systems or overviews of the methodology of comparative analysis By applying major political science theories to overviews of the core elements of political systems the authors both enhance our understanding of these elements and provide readers an excellent introduction to comparative explanation Dr David Howarth University of Edinburgh What is distinctive about this authoritative and comprehensive book on comparative politics is the way in which it is underpinned throughout by a theoretical analysis centred on a new institutionalist approach Professor Wyn Grant University of Warwick *Comparative Politics* takes a fresh and original approach to the field it examines the role of structures rules and norms in regulating the individual and collective behaviour of political actors Each chapter provides a critical bibliography and key questions which will be particularly useful for students approaching *Comparative Politics* for the first time Altogether this is a comprehensive and useful read which I warmly recommend Ian Budge Professor Emeritus Professor of Government University of Essex This is a most useful book Teachers of comparative politics often scramble around with out of date textbooks and photocopies of more or less compatible articles Here is a new book that gives an up to date comprehensive and systematic introduction to the major strands of institutional thought and applies these to the major institutions processes and policy areas It will be a great help for many of us academics and students alike Peter Kurrild Klitgaard Professor of Comparative Politics University of Copenhagen This book provides a distinctive new introduction to the study of comparative politics at undergraduate level Rich in case study material and global in coverage *Comparative Politics* sets out the basic theoretical and methodological foundations for studying different political systems as well as the key structures and actors of which they are comprised Part One explores the nature of comparative methodology and introduces students to the major theoretical paradigms that seek to explain the operation of institutions in democratic states and facilitate comparison across different political systems Part Two examines the institutional structures of the modern state outlining the key features such as the electoral systems and

territorial and functional divisions of government across a range of modern states Part Three analyzes the role of key actors such as voters and parties interest groups and social movements the bureaucracy and the judiciary This book will be an essential primer for students on first year courses in comparative government and politics as well as introductory courses in political science concepts and methods Judith Bara is Senior Lecturer in Politics at Queen Mary University of London and Research Fellow in Government University of Essex David S Bell is Professor of French Government and Politics and Head of Social Studies and Law at the University of Leeds Jocelyn Evans is Reader in Politics at the European Studies Research Institute University of Salford Catherine Needham is Lecturer in Politics at Queen Mary University of London Brendan O Duffy is Senior Lecturer in Politics at Queen Mary University of London Mark Pennington is Senior Lecturer in Politics at Queen Mary University of London David Robertson is Professor of Politics University of Oxford and Vice Principal St Hugh's College Oxford
