The Complete English Poems Penguin English Poets:

The Complete English Poems George Herbert, 2004-10-07 George Herbert combined the intellectual and the spiritual the humble and the divine to create some of the most moving devotional poetry in the English language His deceptively simple verse uses the ingenious arguments typical of seventeenth century metaphysical poets and unusual imagery drawn from musical structures the natural world and domestic activity to explore a mosaic of Biblical themes From the wit and wordplay of *The Pulley* and the formal experimentation of *Easter Wings* and *Paradise* to the intense highly personal relationship between man and God portrayed in *The Collar* and *Redemption* the works collected here show the transcendental power of divine love

Complete English Poems John Skelton, 1983 An annotated critical text of the complete English poems of John Skelton 1464-1529 The texts have been re-established and are presented chronologically In addition to including textual variants the accompanying notes attempt to explain allusions difficult passages and word play

The Complete Poems John Keats, 2003-08-28 Keats's first volume of poems published in 1817 demonstrated both his belief in the consummate power of poetry and his liberal views While he was criticized by many for his politics his immediate circle of friends and family immediately recognized his genius In his short life he proved to be one of the greatest and most original thinkers of the second generation of Romantic poets with such poems as *Ode to a Nightingale* *On First Looking into Chapman's Homer* and *La Belle Dame sans Merci* While his writing is illuminated by his exaltation of the imagination and abounds with sensuous descriptions of nature's beauty it also explores profound philosophical questions John Barnard's acclaimed volume contains all the poems known to have been written by Keats arranged by date of composition The texts are lightly modernized and are complemented by extensive notes a comprehensive introduction an index of classical names selected extracts from Keats's letters and a number of pieces not widely available including his annotations to Milton's *Paradise Lost*

The Variorum Edition of the Poetry of John Donne, Volume 2 John Donne, Gary A. Stringer, 2000 Based on an exhaustive study of the manuscript and print history of Donne's poetry this edition presents newly edited critical texts of the poems and a comprehensive digest of the critical scholarly commentary on them from Donne's time forward Textual introductions briefly locate the poems in the context of Donne's life or poetic development outline the 17th century textual history of the poems and sketch the treatment of the text by modern editors A detailed textual apparatus presents variants collated from many sources and traces the lines of textual transmission Provided by publisher
