The Concordia Story:

Concordia. The true story Corriere della Sera,Marco Imarisio,Fiorenza Sarzanini,2012-02-24T00:00:00+01:00 On a Friday night off the island of Giglio The gigantic cruise liner Costa Concordia crashes onto the rocks following a madcap manoeuvre a sail past Captain Schettino flees Captain De Falco shouts at him to get back on board And a host of little acts of great courage What really happened in those sixty eight minutes This book presents the people the details and the documents from a tragic tale that still holds many mysteries A book that weaves narrative with investigation Survival Was Only the Beginning Andrea Davis,2013-10-17 On Friday January 13th 2012 the cruise ship Costa Concordia ran aground spilling 3200 passengers and 1 000 crew members into the dark water of the Mediterranean Thirty two people died and many more suffered physical and emotional scars that are still healing Andrea and Laurence Davis South African natives and Canadian citizens were unable to find space in a life boat and leading the way followed by others had to swim for their lives as the 2000 foot long ship was rolling over on top of them Filled with raw emotion the chaotic events of that night are told through Andrea s eyes from the over turning dining room to the open deck rife with panic and confusion the decision to jump into the black waters and swim to a rocky shore and the painful hike over coral rocks to safety We witness the warm hospitality of the local Islanders who rescued fed and clothed the survivors and the waiting world who prayed for news of their safety The incredible decision to return to the scene of the disaster only six months later and thank the people of Giglio despite the challenges of language and customs attest to the open hearted courage of the Davis couple Doctrine and Defense. Frontera Freeways Miguel Juarez,2025-10-15 The history of how the freeways of El Paso Texas were constructed who lobbied for them to be built who was displaced and who opposed them is largely unknown Regional studies of highway building have been overlooked in most studies of Mexican American history As in other Mexican American cities like San Antonio Houston Dallas and Los Angeles Mexican Americans who were displaced by highway building were not at the table From 1915 to the 1960s numerous road projects displaced people and neighborhoods using processes that were largely unknown to them Frontera Freeways explores the origins development and dismantling of a major barrio in the Texas city of El Paso Miguel Ju rez uses the case study of the Lincoln Park neighborhood which emerged from the Village of Concordia to analyze highway building in the region It is at Lincoln Park where all of El Paso s early freeways converge thus the community is also the focal point or ground zero of this study The Lincoln Park Conservation Committee led the community in countering highway building in order to save Lincoln Park School a former Mexican school in segregated El Paso and the city s only cultural arts center before its closure in 2006 Frontera Freeways mirrors the reclamation of Chicana o spaces like Chicano Park under the Coronado Bridge in San Diego
