**Realist Drama** Amy Holzapfel, 2014-01-03 Realism in theatre is traditionally defined as a mere seed of modernism a crude attempt to reproduce an exact copy of reality on stage Art Vision Nineteenth Century Realist Drama redefines realism as a complex and under examined form of visual modernism one that positioned theatre at the crux of the encounter between consciousness and the visible world Tracing a historical continuum of acts of seeing on the realist stage Holzapfel demonstrates how theatre participated in modernity's aggressive interrogation of vision's residence in the human body New findings by scientists and philosophers such as Diderot Goethe Müller Helmholtz and Galton exposed how the visible world is experienced and framed by the unstable relativism of the physiological body rather than the fixed idealism of the mind Realist artists across media paradoxically embraced this paradigm shift by focusing on the embodied observer Drawing from extensive archival research Holzapfel conducts close readings of iconic dramas and their productions including Scribe's *The Glass of Water* Zola's *Thérèse Raquin* Ibsen's *A Doll House* Strindberg's *The Father* and Hauptmann's *Before Sunrise* alongside analyses of artwork by major painters and photographers such as Chardin Nadar Millais Rejlander and Liebermann In a radical challenge to existing criticism Holzapfel argues that realism in theatre was never the attempt to reproduce an exact copy of the seen world but rather the struggle to make visible the act of seeing [The Unconscious in Philosophy, and French and European Literature](#)

**Fernand Vial**, 2009-01-01 This book traces the idea of the unconscious as it emerges in French and European literature It discusses the functioning of the normal unconscious mind and provides examples of the abnormal unconscious in poems and literature Psychiatric cases as they are understood today are illustrated as mirrored in literature describing the functioning of the disturbed mind *Morning, Noon, and Night* Arnold Weinstein, 2011-02-15 From Homer and Shakespeare to Toni Morrison and Jonathan Safran Foer major works of literature have a great deal to teach us about two of life's most significant stages growing up and growing old Distinguished scholar Arnold Weinstein's provocative and engaging new book *Morning Noon and Night* explores classic writing's insights into coming of age and surrendering to time and considers the impact of these revelations upon our lives With wisdom humor and moving personal observations Weinstein leads us to look deep inside ourselves and these great books to see how we can use art as both mirror and guide He offers incisive readings of seminal novels about childhood Huck Finn's empathy for the runaway slave Jim illuminates a child's moral education Catherine and Heathcliff's struggle with obsessive passion in *Wuthering Heights* is hauntingly familiar to many young lovers Dickens's Pip in *Great Expectations* must grapple with a world that wishes him harm and in

Marjane Satrapi's autobiographical *Persepolis* little Marjane faces a different kind of struggle growing into adolescence as her country moves through the pain of the Iranian Revolution. In turn great writers also ponder the lessons learned in life's twilight years: both King Lear and Willy Loman suffer as their patriarchal authority collapses and death creeps up. Brecht's *Mother Courage* displays the inspiring indomitability of an aging woman who has borne every possible blow but is still standing still moving. And older love can sometimes be funny: *Rip Van Winkle* conveniently sleeps right through his marriage and sometimes tragic as J.M. Coetzee's David Lurie learns the hard way in *Disgrace*. Tapping into the hearts and minds of memorable characters from Sophocles' *Oedipus* to Artie in Art Spiegelman's *Maus*, *Morning Noon and Night* makes an eloquent and powerful case for the role of great literature as a knowing window into our lives and times. Its intelligence, passion and genuine appreciation for the written word remind us just how crucial books are to the business of being human.

**Performing Queer Modernism** Penny Farfan, 2017-07-12. Focusing on well known plays and performances of the late nineteenth and early twentieth centuries, *Performing Queer Modernism* demonstrates that queer performance was integral to modernism: that queer modernist performance played a key role in the historical emergence of modern sexual identities and that it anticipated the insights of contemporary queer modernist studies. **Nordic Literature** Steven P. Sondrup, Mark B. Sandberg, Thomas A. DuBois, Dan Ringgaard, 2017-12-15. *Nordic Literature: A comparative history* is a multi volume comparative analysis of the literature of the Nordic region. Bringing together the literature of Finland, continental Scandinavia, Sweden, Norway, Denmark and the insular region (Iceland, Greenland and the Faroe Islands), each volume of this three volume project adopts a new frame through which one can recognize and analyze significant clusters of literary practice. This first volume, *Spatial nodes*, devotes its attention to the changing literary figurations of space by Nordic writers from medieval to contemporary times. Organized around the depiction of various scapes and spatial practices at home and abroad, this approach to Nordic literature stretches existing notions of temporally linear, nationally centered literary history and allows questions of internal regional similarities and differences to emerge more strongly. The productive historical contingency of the North as a literary space becomes clear in this close analysis of its literary texts and practices.

**Bernard Shaw** Audrey McNamara, 2023-07-19. Shaw emerged as a playwright in the politically charged environment of 1892 for both female suffrage and Irish independence. His plays quickly advocated for societal changes with regard to women's roles while expanding this advocacy into considerations of Ireland. Shaw's engagement with marriage and union as a personal contract with nationhood have never before been considered as a methodology with which to view his work. This book demonstrates that Shaw was deeply engaged with and committed to the Irish question and to social and gender issues.
