Turlington, 2002 Voodoo is a religion of charms and rituals intended to empower life and bring good fortune to those who practice it This book separates fact from fiction tracing voodoo's roots back to its African origins and its full development in the West Indies **Hoodoo and voodoo: secrets of folk magic, roots, witchcraft, mojo, conjuration, Haitian voodoo and New voodoo Orleans** ,2023-10-08 Introduction Hoodoo is a subject that has been around since Africans were brought to American shores as slaves and migrated across the country sharing their magic and beliefs The herbs and roots they used were amalgamated with other beliefs to form the practice we now know as Hoodoo Many people think that Hoodoo is a religious practice but the truth is exactly the opposite Hoodoo is not based on the worship of gods goddesses or other formal deities Instead it is a way for people to practice folk magic using the most basic tools and ingredients So what relevance does Hoodoo have in today's society Quite Humans are beginning to understand what powers exist in nature and how to use them The natural progression to magic and root building rituals passed down in history seems inevitable Understanding why some plants and herbs can attract good luck while others form a protective shield appeals to our personal sense of well being This type of magic and conjuration can be performed by anyone who wants to try it as long as they respect the power and learn to protect themselves from evil This book contains everything you need to know to get the job done safely and powerfully Learn
