Beyer and many of his students have followed Dan Brown's work ever since and four years ago Beyer began to anticipate and delve into the facts that would be the core of The Lost Symbol. Like millions of other expectant readers he purchased a copy of the novel on its publication date September 15 2009. The topics organized by theme in seven sections follow the plot of the story and cover the setting in Washington D C art and architecture, cryptology, Freemasonry, secret teachings, science and people and places in the novel highlighted with 33 helpful illustrations. In this book he shares his personal insight into the Craft, explains his understanding of its ritual and outlines the steps a Mason must take to find self knowledge. If you want to know yourself then Freemasonry offers a path to that knowledge. It is a spiritual adventure fit for the athletic and adventurous mind. The Secret Science of Masonic Initiation reveals that path.
