The Divine Names 'Afif al-Dīn al-Tilimsānī,2023-12-01 A Sufi scholar s philosophical interpretation of the names of God The Divine Names is a philosophically sophisticated commentary on the names of God Penned by the seventh thirteenth century North African scholar and Sufi poet Af f al D n al Tilims n The Divine Names expounds upon the one hundred and forty six names of God that appear in the Qur an including The All Merciful The Powerful The First and The Last In his treatment of each divine name al Tilims n synthesizes and compares the views of three influential earlier authors al Bayhaq al Ghaz l and Ibn Barraj n Al Tilims n famously described his two teachers Ibn al Arab and al Q naw as a philosophizing mystic and a mysticizing philosopher respectively Picking up their mantle al Tilims n merges mysticism and philosophy combining the tenets of Akbar Sufism with the technical language of Aristotelian Neoplatonic and Avicennan philosophy as he explains his logic in a rigorous and concise way Unlike Ibn al Arab his overarching concern is not to examine the names as correspondences between God and creation but to demonstrate how the names overlap at every level of cosmic existence The Divine Names shows how a broad range of competing theological and philosophical interpretations can all contain elements of the truth A bilingual Arabic English edition
