The Bangkok Bargirl:

A New Look At Thai Aids Graham Fordham, 2006-03-01 Following the detection of the first HIV infections in the early 1980s by the 1990s Thailand was routinely depicted as having the world's fastest moving HIV AIDS epidemic. However by the early 2000s the bulk of scholarly and medical AIDS literature portrayed the epidemic as being largely under control and claimed that Thai AIDS prevention efforts during the 1990s had been successful. Based on long term ethnographic research conducted in Northern Thailand this book makes an in depth study of the social construction of Thailand's HIV AIDS epidemic over this period. In addition to his own field research the author draws on an extensive corpus of English and Thai language social science and medical HIV AIDS literature to examine the modeling of Thailand's AIDS epidemic and addresses concepts and issues such as risk groups risk behaviour alcohol use gender and class masculinity the scapegoating of female prostitutes and men in the underclass the reporting of the HIV AIDS epidemic in Thailand's indigenous Thai language media and sexual activity amongst Thai youth. The analysis demonstrates the contribution of anthropology as an interpretative social science and the use of anthropological theory and research methods to finding alternative ways of framing the problems of Thai AIDS and of posing new questions that will lead to more effective points of intervention. It emphasises the necessity for critically reflexive approaches that question the taken for granted and demonstrates how qualitative research techniques guided by social theory have the potential to take account of local meanings in complex social contexts where traditional values and cultural practices are rapidly transforming due to economic and social change. The book offers a sustained and powerful criticism of the limitations of the normative model of the Thai AIDS epidemic and in its aim of promoting critically reflexive AIDS research techniques in order to produce a better understanding of issues on the ground and hence better health policy and more effective AIDS interventions speaks not only to the Thai AIDS epidemic but to AIDS epidemics throughout Southeast Asia and elsewhere. This is the only English language study of Thailand's HIV AIDS epidemic to draw on long term qualitative research in Northern Thailand as well as on a broad range of Thai and some Khmer language materials. Its contextualised and subtly nuanced analysis of the AIDS epidemic and of the impact of AIDS control initiatives in concert with the theoretical and methodological contributions it makes to AIDS research and policy and behavioural interventions makes it a timely publication of vital interest to scholars in the social sciences as well as to the members of non governmental organisations and international organisations working in the HIV AIDS health and development fields.

Thai Girl Naked Noi Thawattana, 2022-10-12 The real truth about Thai women. A Thai woman is more than a sex machine a money extractor or a ruthless scammer. Noi Thawattana was a Bangkok prostitute working in hostess lounges massage parlors and go go bars. After marrying an American man and moving to the United States she wrote Thai Girl Naked to expose the life of a Thai bargirl through her own voice and from her own eyes. Thai Girl Naked is a rare look at the reality of Thai prostitution and more generally at women in Thailand without the beer goggles cultural ignorance and male bravado of tourists' memoirs.

Noi Thawattana knows the business and the life and also knows foreigners misconceptions As a former bargirl now studying journalism Noi is uniquely qualified to tell a Thai woman s story in a readable and entertaining form *Confessions of a Bangkok PI* Warren Olson,2006-07-28 Two timing bargirls suspicious spouses and lesbian lovers it was all in a day s work for Bangkok Private Eye Warren Olson For more than a decade Olson walked the mean streets of the Big Mango Fluent in Thai and Khmer he was able to go where other private eyes feared to tread His clients included Westerners who had lost their hearts and life savings to moneyhungry bargirls But he had more than his fair share of Thai clients too including a sweet old lady who was ripped off by a Christian conman and a Thai girl blackmailed by a former lover The stories are based on Olson s case files disguised to protect the innocent and the guilty by bestselling author Stephen Leather Olson has now relocated to his native New Zealand with his Thai wife and daughter but the agency that he founded is still open for business at www.thaiprivateteeye.com
