VelocePress.com has been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product. We encourage you to exercise caution when purchasing a manual for your motorcycle or automobile as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling. Many are nothing more than poor quality comb bound or ring bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished. In addition they are often advertised for the incorrect series and or model years. With more than 250 titles in print, VelocePress is one of the fastest growing specialty automobile and motorcycle publishing companies in the USA. Please visit our website at www.VelocePress.com for more information on our company and our books.
