Survival Cooking for the Busy and Broke LouAnn Bigge Gaeddert, 1981

Survival Pattern of the Rural Poor

Mohammed Sadeque, 1990 This book based on empirical data collected through census interview cum observations including the case studies from a Bangladesh village seeks to explore the survival characteristics of the poor A multiple deprivations approach to poverty provides the study's conceptual framework An uncertain as well as a very low income forced the poor day labourers petty traders artisans small farmers to adopt a variety of improvising mechanisms viz irregular carbohydrate diet substandard housing and total neglect of health and education needs Such a precarious living eroded the traditional family and kinship norms making certain categories of people particularly vulnerable A perpetual dependence on neighbours and patrons and alienation from the socio political affairs of the community relegated them to a low social status The poor by and large had low self perception and aspiration and were overwhelmingly religious and fatalistic in outlook yet many did not resign to fate and endeavoured to take all possible measures to adjust to multifarious depriving situations thus negating the culture of poverty concept The study outlines the policy implications at the end An unequal social structure is identified as a basic malaise that thwarts any attempt at social development Land and other asset redistribution is suggested as a first planned measure towards alleviation of mass poverty

BROKEN DREAMS: A Survivor's Story Ellen Benton

Feinstein, 2014-10-15 The current rise in anti-Semitism is due in part to the fact that the younger generations know almost nothing about the Holocaust other than the fact that six million Jews were killed The heart and the mind do not connect with a number so this fact has little meaning for the reader We tend to make an emotional connection with the personal story of someone who suffered during and after the war That's why it is important for survivors to tell their stories The number of survivors dwindles daily giving a sense of urgency to this project The devastation of war does not end when a peace treaty is signed the destructive aftermath of war can continue for generations This book tells the story of one family that was torn apart by World War II Acting on a promise she made to her sister who was killed by the Nazis Eda found and adopted her sister's child who was hidden during the war by a Polish Catholic family This set up a life long love hate mother daughter relationship filled with sacrifice guilt and resentment as described in the heart of the book The family endured many hardships including six months in a DP camp and a difficult sea voyage to escape from Poland to America only to find that they cannot escape the psychic damage of the war Their psychic scars are manifested in their interactions with each other as well as with the people they encounter The final chapter reveals how the daughter after thinking for more than seventy years that she was an only child discovers that she has a brother living in California
