Emanuel Swedenborg was a Swedish scientist philosopher Christian mystic and theologian Swedenborg experienced dreams and visions in which he was appointed by the Lord to write a heavenly doctrine to reform Christianity He claimed that the Lord had opened his eyes so that he could freely visit heaven and hell and talk with angels demons and other spirits His best known book is Heaven and Hell Included here is White Horse Brief Exposition De Verbo God the Savior and Interaction of the Soul and Body

Kant and Mysticism Stephen R. Palmquist,2019-07-10 What is happening when someone has a mystical experience such as feeling at one with the universe or hearing God s voice Does philosophy provide tools for assessing such claims Which claims can be dismissed as delusions and which ones convey genuine truths that might be universally meaningful Valuable insights into such pressing questions can be found in the writings of Immanuel Kant though few philosophical commentators have appreciated the implications beyond his famous Copernican hypothesis In Kant and Mysticism Stephen R Palmquist corrects this skewed view of Kant once and for all Beginning with a detailed analysis of Kant s 1766 work Dreams of a Spirit Seer Palmquist demonstrates that in Dreams Kant first discovers and explains his plan to write a new critical philosophy that will revolutionize metaphysics by laying bare the limits of human reason Palmquist shows how the same metaphorical relationship between reason s dreams metaphysics and sensibility s dreams mysticism permeates Kant s mature writings Clarifying how Kant s final unfinished book Opus Postumum completes this dual project Palmquist

explains how the critical mysticism entailed by Kant's position has profound implications for contemporary understandings of religious and mystical experience both by religious individuals and by philosophers seeking to understand such experiences
