Pratt,1881 *In Search of the Utopian States of America* Verena Adamik,2020-12-01 This book endeavours to understand the seemingly direct link between utopianism and the USA discussing novels that have never been brought together in this combination before even though they all revolve around intentional communities Imlay s *The Emigrants* 1793 Hawthorne s *The Blithedale Romance* 1852 Howland s *Papas Own Girl* 1874 Griggs s *Imperium in Imperio* 1899 and Du Bois s *The Quest of the Silver Fleece* 1911 They relate nation and utopia not by describing perfect societies but by writing about attempts to immediately live radically different lives Signposting the respective communal history the readings provide a literary perspective to communal studies and add to a deeply necessary historicization for strictly literary approaches to US utopianism and for studies that focus on Pilgrims Puritans Founding Fathers as utopian practitioners This book therefore highlights how the authors evaluated the USA s utopian potential and traces the nineteenth century development of the utopian imagination from various perspectives Whitaker's Books in Print ,1998 **George Santayana, a Bibliographical Checklist, 1880-1980** Herman J.
