Sustainable Place A Place Of Sustainable Development:

Sustainable Development, Energy and the City Voula P. Mega, 2006-03-20 Advancing towards sustainable development will be impossible without the active participation of informed and aware citizens and decision makers This publication will provide the unspecialised decision makers citizens students and policy makers of the future with significant information about a dynamic sector energy and a space city that are critical for sustainability Cities and the energy field are now on the verge of dramatic changes Urban energy systems are capital intensive and have long lives Immediate change is difficult and innovation is crucial for inefficient patterns to be transformed into more intelligent systems Strongly entrenched ideas start to vacillate and new investments challenge the inertia of old infrastructures New concepts values and technological breakthroughs emerge linked to policy and market initiatives public expectations and scientific developments **Planning**

and Place in the City Marichela Sepe, 2013-03-05 Under the influence of globalization the centres of many cities in the industrialised world are losing their place identity the set of cultural markers that define a city s uniqueness and make it instantly recognisable A key task for planners and residents working together is to preserve that unique sense of place without making the city a parody of itself In *Planning and Place in the City* Marichela Sepe explores the preservation reconstruction and enhancement of cultural heritage and place identity She outlines the history of the concept of placemaking and sets out the range of different methods of analysis and assessment that are used to help pin down the nature of place identity This book also uses the author s own survey based method called PlaceMaker to detect elements that do not feature in traditional mapping and identifies appropriate planning interventions Case studies investigate cities in Europe North America and Asia which demonstrate how surveys and interviews can be used to draw up an analytical map of place identity This investigative work is a crucial step in identifying cultural elements which will influence what planning decisions should be taken in the future The maps aim to establish a dialogue with local residents and support planners and administrators in making sustainable changes The case studies are amply illustrated with survey data sheets photos and coloured maps Innovative and broad based *Planning and Place in the City* lays out an approach to the identification and preservation of place and cultural heritage suitable for students academics and professionals alike **Organizational**

Communication and Sustainable Development: ICTs for Mobility Hallin, Anette, Karrbom-Gustavsson, Tina, 2009-10-31 Covering advantages as well as disadvantages explores how mobility meets sustainability in contemporary organizational communication **Space Resource Utilization and Exploitation: The Suspended Step of International Law** George

D. Kyriakopoulos, 2025-10-25 The exploration use and exploitation of space resources is the most exciting chapter among today s issues of concern to the space community At the same time however it has generated intense controversy at the international level since current international and space law do not seem to ensure a stable clear regime for such activities to take place Furthermore some legislative approaches at the national level which have seen the light of day do not seem

capable of ensuring a universally acceptable solution It could therefore be said that the question of how the governance of space resources in general should ideally be regulated remains for the time being unresolved This book thoroughly reviews the relevant international experience and explores why current international law is at an impasse on the issue of space resources Further it discusses the possible ways out in the legal field and proposes solutions some of which have not been presently discussed

Sustainable Place Christine Phillips, 2003-06-02 This landmark publication examines the need for establishing a universal framework for assessing the sustainability of a place that can be used for any place in any part of the world Using two case studies of two towns San Gimignano Italy and Ludlow England as a backdrop the book examines their distinctive features and develops a framework for assessing their energy and environmental capabilities in light of their social economic political and cultural prerequisites Discussion includes such key aspects of sustainability as geological formation climate external dependencies communication and infrastructure historical heritage community and permanence of population Includes the author s own annotated drawings that complement the text Examines the background and current state of sustainability and provides practical examples of assessments of specific localities Based on the author s own research

Sustainable Place Christine Ann Phillips, 1998 *Guidebook on Environmental Impact Assessment for in Situ Leach Mining Projects* International Atomic Energy Agency, 2005 Assessment of the potential environmental impact of an in situ leach ISL project is the first step in the permission and licensing process An Environmental Impact Assessment EIA serves as the basis for preparing an Environmental Impact Statement EIS which in turn identifies the potential environmental and socioeconomic impact of a proposed project and outlines measures to mitigate this impact The EIS review process serves to inform the public about a proposed project as well as to provide regulatory agencies with assurance that ISL technology will comply with environmental standards and that project sites can be rehabilitated to pre mining use This publication provides a step by step description of project parameters that must be addressed in conducting an EIA and preparing an EIS It also includes EIA EIS case histories for current operations in Australia the Czech Republic Kazakhstan and the United States of America The publication will be useful to companies considering the development of ISL projects and to regulatory personnel who are responsible for writing environmental regulations and licensing ISL projects

Counterculture Green Andrew G. Kirk, 2007 For many it was more than a publication it was a way of life The Whole Earth Catalog billed itself as Access to Tools and it grew from a Bay Area blip to a national phenomenon catering to hippies do it yourselfers and anyone interested in self sufficiency independent of mainstream America now known as living off the grid In recovering the history of the Catalog s unique brand of environmentalism historian Kirk recounts how Stewart Brand and the Point Foundation promoted a philosophy of pragmatic environmentalism that celebrated technological achievement human ingenuity and sustainable living Kirk shows us that

Whole Earth was more than a mere counterculture fad At a time when many of these ideas were seen as heretical to a predominantly wilderness based movement it became a critical forum for environmental alternatives and a model for how complicated ecological ideas could be presented in a hopeful and even humorous way From publisher description

Alaska's Place in the West Roxanne Willis,2010 The first comprehensive examination of Alaskan development schemes from 1890 to the present Focuses on five major conflicts between environmentalists and developers from reindeer herding to the Trans Alaska Pipeline Takes readers behind common and simplistic representations of the state to explore the rich history and extreme diversity of a land that cannot easily be pigeonholed into typical American conceptions about place

Commercialisation and Privatisation of Outer Space R. Venkata Rao,Kumar Abhijeet,2016 It addresses the necessity for private sector participation in outer space and the need for a national space legislation for India It discusses India s international obligation reflects upon relevant principles and rules of the international space law studies the laws of spacefaring nations and outlines the minimum legislative agenda as to what should be the content of such a legislation It also discusses legal issues relating to commercial space activities like remote sensing and space transportation Privatisation aspects of the PSLVs have also been discussed

Sustainable Urban Development Girish Kumar Misra,1997 **Annual Report** United Nations University,1997 Report of the Inception Workshop of the FAO Extrabudgetary Programme on Fisheries and Aquaculture for Poverty Alleviation and Food Security ,2010 This Workshop was held to generate inputs and guidance to the contents and process of developing an assistance programme for fisheries and aquaculture The programme s overall goal is to ensure that responsible and sustainable use of fisheries and aquaculture resources make an appreciable contribution to human well being food security and poverty alleviation The workshop stressed the need to include fisheries and aquaculture especially the small scale subsectors into poverty alleviation food security and disaster risk reduction policies and programmes These should be informed by a human rights approach to development The challenges to advance the poverty alleviation and food security agendas are considerable Concerted efforts and partnerships at different levels and scales are needed and interventions should be firmly anchored in the regional national and local context It is vital to build up national and local ownership in accordance with the Paris Declaration and this should be a key requirement for the inception phase and beyond

Incorporation of Environmental Features in Flood Control Channel Projects Nelson R. Nunnally,F. Douglas Shields,1985 Many negative environmental impacts can be avoided by designing flood channels that are in harmony with other fluvial components minimizing disruptions to existing fluvial and biological systems and incorporating environmental features into flood channel design Environmental features are defined as any structures or actions employed in the planning design construction or maintenance of flood control channels that produce environmental benefits Environmental features may include

modifications of standard techniques such as selective clearing and snagging or single bank construction modified channel designs such as low flow channels pools and riffles and meandering alignments structures for erosion and sediment control water level management and instream habitat inclusion of recreational features in project design and special designs and treatments for aesthetic purposes Procedures are presented for the design of environmental features These procedures are based largely on prior experience with the use of environmental features on modified channels and on fluvial processes and natural stream geometry Tables are provided to help select the best environmental features based on environmental objectives and stream and watershed conditions **The Economist** ,2007 **Research EU.** ,2012 *The City Builders* Susan S. Fainstein,2001 This revised edition examines major redevelopment efforts in New York and London to uncover the forces behind these investment cycles and the role that public policy can play in moderating market instability It chronicles the progress of three development projects in New York and three in London
