Her left hand is resting on her hip, showing a silver cuff bracelet and a large, ornate silver ring with a white stone. Her right hand holds a bouquet of light-colored roses and hydrangea. Strike Charles Ferrall, Dougal McNeill, 2015-02-19 Charles Ferrall and Dougal McNeill's book analyses the vast literary response to the 1926 General Strike. The Strike not only drew writers into political action but inspired literature that served to shape twentieth century British views of class culture and politics. While major figures active at the time wrote on or responded to this crucial moment this is the first volume to address their respective works. Ferrall and McNeill show how novels then in progress such as Virginia Woolf's To the Lighthouse and D H Lawrence's Lady Chatterley's Lover were affected by the Strike as well as the ways in which it has been remembered from the 1930s to the present. Their study sheds new light on the relationship between politics and literature of the modernist era

Changing Family Size in England and Wales Eilidh Garrett, Alice Reid, Kevin Schürer, Simon Szreter, 2001-07-05 This volume is an important study in demographic history. It draws on the individual returns from the 1891 1901 and 1911 censuses of England and Wales to which Garrett, Reid, Schürer and Szreter were permitted access ahead of scheduled release dates. Using the responses of the inhabitants of

thirteen communities to the special questions included in the 1911 fertility census they consider the interactions between the social economic and physical environments in which people lived and their family building experience and behaviour. Techniques and approaches based in demography history and geography enable the authors to re-examine the declines in infant mortality and marital fertility which occurred at the turn of the twentieth century. Comparisons are drawn within and between white collar agricultural and industrial communities and the analyses conducted at both local and national level lead to conclusions which challenge both contemporary and current orthodoxies
