## **Sweet And Lowdown Americas Popular Song Writers:**

America's Songs Philip Furia, Michael Lasser, 2006-05-12 America's Songs tells the stories behind the most beloved popular songs of the last century. We all have songs that have a special meaning in our lives; hearing them evokes a special time or place. Little wonder that these special songs have become enduring classics. Nothing brings the Roaring 20s to life like "Tea for Two" or "I'm Just Wild About Harry". The Great Depression is evoked in all of its pain and misery in songs like "Brother Can You Spare a Dime?" "God Bless America" revives the powerful hope that American democracy promised to the world during the dark days of World War II. "Young at Heart" evokes the postwar optimism of the 50s. And then there are the countless songs of love, new romance, and heartbreak. As "Time Goes By" Always Am I Blue, the list is endless. Along with telling the stories behind these songs, America's Songs suggests simply and succinctly what makes a song great. The book illuminates the way each great song melds words and music, sentiment and melody, into a seamless whole. America's Songs also traces the fascinating but mysterious process of collaboration, the give and take between two craftsmen, a composer and a lyricist, as they combined their talents to create a song. For anyone interested in the history of the songs that America loves, America's Songs will make for fascinating reading.

**The American Song Book** Philip Furia, Laurie Patterson, 2016 The American Song Book Volume I: The Tin Pan Alley Era is the first in a projected five volume series of books that will reprint original sheet music, including covers of songs that constitute the enduring standards of Irving Berlin, Jerome Kern, the Gershwins, and other lyricists and composers of what has been called the Golden Age of American popular music. These songs have done what popular songs are not supposed to do: stayed popular. They have been reinterpreted year after year, generation after generation, by jazz artists such as Charlie Parker and Art Tatum, Ella Fitzgerald and Louis Armstrong. In the 1950s, Frank Sinatra began recording albums of these standards, and was soon followed by such singers as Tony Bennett, Doris Day, Willie Nelson, and Linda Ronstadt. In more recent years, these songs have been reinterpreted by Rod Stewart, Harry Connick Jr., Carly Simon, Lady Gaga, K.D. Laing, Paul McCartney, and most recently, Bob Dylan. As such, these songs constitute the closest thing America has to a repertory of enduring classical music. In addition to reprinting the sheet music for these classic songs, authors Philip Furia and Laurie Patterson place these songs in historical context with essays about the sheet music publishing industry known as Tin Pan Alley, the emergence of American musical comedy on Broadway, and the talkie revolution that made possible the Hollywood musical. The authors also provide biographical sketches of songwriters, performers, and impresarios such as Florenz Ziegfeld. In addition, they analyze the lyrical and musical artistry of each song and relate anecdotes, sometimes amusing, sometimes poignant, about how the songs were created. The American Songbook is a book that can be read for enjoyment on its own, or be propped on the piano to be played and sung.

Frank Loesser Thomas Laurence Riis, 2008-01-01 Loesser was a major figure during the Broadway golden age that included Rodgers and Hammerstein, Lerner and Loewe, and Bernstein. Riis traces Loesser's early career as a Hollywood songwriter and a noted

contributor to the war effort He discusses in depth each of Loesser's musicals and provides a look at the legacy of a man admired as a mentor who inspired dozens of assistants proteges young songwriters novice singer actors and aspiring producers This book offers a look at Loesser's life along with an examination of the totality of his works
