**The Coursing calendar, ed. by 'Stonehenge'**. John Henry Walsh,1862    **The Power of Bad** John Tierney,Roy F. Baumeister,2019-12-31

From the international bestselling authors of Willpower Why does a bad impression last longer than a good one Why does losing money affect us more than gaining it What makes phobias so hard to shake The answer is the negativity bias or in other words the power of bad As John Tierney and Roy F Baumeister show we are wired to react to bad over good It makes sense in evolutionary terms but in our modern world the lure of bad is well bad It governs people s moods drives marketing and dominates our news It can explain everything from why wars start or couples divorce to why we mess up job interviews or feud with neighbours But there is good news By using smart strategies from new science we can train our brains to get better at spotting our own negativity bias fighting back with our rational minds to manage the bad in our lives and even using its power for positive results Breaking bad s hold over us can help our own lives at work and in our relationships Properly understood bad can be a good thing
