Story Of Nezha:

Animation in China Sean Macdonald, 2015-11-06 By the turn of the 21st century animation production has grown to thousands of hours a year in the People's Republic of China PRC Despite this and unlike American blockbuster productions and the diverse genres of Japanese anime much animation from the PRC remains relatively unknown This book is an historical and theoretical study of animation in the PRC Although the Wan Brothers produced the first feature length animated film in 1941 the industry as we know it today truly began in the 1950s at the Shanghai Animation Film Studio SAFS which remained the sole animation studio until the 1980s Considering animation in China as a convergence of the institutions of education fine arts literature popular culture and film the book takes comparative approaches that link SAFS animation to contemporary cultural production including American and Japanese animation Pop Art and mass media theory Through readings of classic films such as Princess Iron Fan Uproar in Heaven Princess Peacock and Nezha Conquers the Dragon King this study represents a revisionist history of animation in the PRC as a form of postmodernism with Chinese characteristics As a theoretical exploration of animation in the People's Republic of China this book will appeal greatly to students and scholars of animation film studies Chinese studies cultural studies political and cultural theory *Nezha Conquers the Dragon King* Shanghai Animation and Film Studio, Sanmu Tang, 2010-09-10 This Chinese myth for Children tells the story of Nezha One day Nezha encounters a patrolling Yasha demon stealing children to feed his master the Dragon King Nezha wounds the Yasha demon with his Firmament Ring In a rage the Dragon King sends his third son to capture Nezha but the son is killed instead Now completely infuriated the Dragon King unleashes a raging storm wreaking havoc on Chentang Pass and demanding Nezha's magic weapons Nezha transforms his spirit into an exact duplicate of himself and with his newly acquired fire tipped spear Nezha heads straight for the Dragon Palace In a final fury he turns the palace upside down and beards the Dragon King

Queer Representations in Chinese-language Film and the Cultural Landscape Shi-Yan Chao, 2025-10-01 Queer Representations in Chinese language Film and the Cultural Landscape provides a cultural history of queer representations in Chinese language film and media negotiated by locally produced knowledge local cultural agency and lived histories Incorporating a wide range of materials in both English and Chinese this interdisciplinary project investigates the processes through which Chinese tongzhi queer imaginaries are articulated focusing on four main themes the Chinese familial system Chinese opera camp aesthetic and documentary impulse Chao's discursive analysis is rooted in and advances genealogical inquiries a non essentialist intervention into the Chinese idea of filial piety a transcultural perspective on the contested genre of film melodrama a historical investigation of the local articulations of mass camp and gay camp and a transnational inquiry into the different formats of documentary This book is a must for anyone exploring the cultural history of Chinese tongzhi queer through the lens of transcultural media *Oedipal God* Meir Shahar, 2015-08-31 Oedipal God offers the most comprehensive account in any language of the prodigal deity Nezha Celebrated for over a

millennium Nezha is among the most formidable and enigmatic of all Chinese gods In this theoretically informed study Meir Shahar recounts Nezha's riveting tale which culminates in suicide and attempted patricide and uncovers hidden tensions in the Chinese family system In deploying the Freudian hypothesis Shahar does not imply the Chinese legend's identity with the Greek story of Oedipus For one in Nezha's story the erotic attraction to the mother is not explicitly acknowledged More generally Chinese oedipal tales differ from Freud's Greek prototype by the high degree of repression that is applied to them Shahar argues that despite a disastrous father-son relationship Confucian ethics require that the oedipal drive masquerade as filial piety in Nezha's story dictating that the child god kill himself before trying to avenge himself upon his father Combining impeccable scholarship with an eminently readable style the book covers a vast terrain It surveys the image of the endearing child god across varied genres from oral and written fiction through theater cinema and television serials to Japanese manga cartoons It combines literary analysis with Shahar's own anthropological field work providing a thorough ethnography of Nezha's flourishing cult Crossing the boundaries between China's diverse religious traditions it tracks the rebellious infant in the many ways he has been venerated by Buddhist monks Daoist priests and possessed spirit mediums whose dramatic performances have served to negotiate individual familial and collective tensions Finally the book offers a detailed history of the legend and the cult reaching back over two thousand years to its origins in India where Nezha began as a mythological being named Nalakara whose sexual misadventures were celebrated in the Sanskrit epics as early as the first centuries BCE Here Shahar reveals the long-term impact that Indian mythology has exerted through the medium of esoteric Buddhism upon the Chinese imagination of divinity A tour de force of literary analysis ethnographic research psychological insight and cross-cultural investigation Oedipal God is a must-read for anyone interested in Chinese studies and the historical connection between India and China Shahar's broad reach and engaging approach will appeal to specialists and students in a variety of disciplines including Chinese religion Chinese literature anthropology Buddhist studies psychology Indian studies and cross-cultural history
