Transmissions Isabelle Frances McNeill, Bradley Stephens, 2007 As a concept transmission is crucial to our understanding of how ideas circulate within and across cultures It opens up a series of questions that link to key debates concerning the exchange of knowledge Bringing together research from a broad range of areas in French studies this volume investigates the workings of transmission in relation to canonical and contemporary figures alike including Proust Barthes Derrida Jean Luc Godard and Claire Denis The essays collected here offer a lively response to the themes of transmission considering literature and philosophy from the medieval period onwards as well as modern cinema and critical theory The first section traces concepts of malign transmission that have informed medieval early modern and finally contemporary representations of contagion The second section addresses the impact of trauma along with its imperative to testify to or transmit painful experiences such as rape and the Holocaust The final section considers transmission in terms of a signal that carries a message as well as the media that transport or encode that signal **The Cumulative Book Index** , 1989 A world list of books in the English language

Silverstein, 2024-05-07 Winner of The de la Torre Bueno First Book Prize 2025 from Dance Studies Association Dabke one of Syria s most beloved dance music traditions is at the center of the country s war and the social tensions that preceded conflict Drawing on almost two decades of ethnographic archival and digital research Shayna M Silverstein shows how dabke dance music embodies the fraught dynamics of gender class ethnicity and nationhood in an authoritarian state The book situates dabke politically economically and historically in a broader account of expressive culture in Syria s recent and ongoing turmoil Silverstein shows how people imagine the Syrian nation through dabke how the state has coopted it how performances of masculinity reveal and play with the tensions and complexities of the broader social imaginary how forces

opposed to the state have used it resistively and how migrants and refugees have reimagined it in their new homes in Europe and the United States She offers deeply thoughtful reflections on the ethnographer's ethical and political dilemmas on fieldwork in an authoritarian state Silverstein's study ultimately questions the limits of authoritarian power considering the pleasure and play intrinsic to dabke circles as evidence for how performance cultures sustain social life and solidify group bonds while reproducing the societal divides endemic to Syrian authoritarianism **British Book News** British Council,1987 Includes no 53a British wartime books for young people *Canadian Who's Who 2008* Elizabeth Lumley,2008-01-05 Now in its ninety eighth year of publication this standard Canadian reference source contains the most comprehensive and authoritative biographical information on notable living Canadians Those listed are carefully selected because of the positions they hold in Canadian society or because of the contribution they have made to life in Canada The volume is updated annually to ensure accuracy and 600 new entries are added each year to keep current with developing trends and issues in Canadian society Included are outstanding Canadians from all walks of life politics media academia business sports and the arts from every area of human activity Each entry details birth date and place education family career history memberships creative works honours and awards and full addresses Indispensable to researchers students media business government and schools Canadian Who's Who is an invaluable source of general knowledge The complete text of Canadian Who's Who is also available on CD ROM in a comprehensively indexed and fully searchable format Search astronaut or entrepreneur of the year aboriginal achievement award and Order of Canada and discover a wealth of information Fast easy and more accessible than ever the Canadian Who's Who on CD ROM is an essential addition to your electronic library *International Who's Who of Authors and Writers 2008* Europa Publications,2007-08-23 An invaluable source of information on the personalities and organizations of the literary world *New Books on Women and Feminism* ,1988 The Bombay university calendar Bombay city, univ,1884 *The Writers Directory* ,2013 **The Guide to Writers' Conferences** ,1989 Writers conferences workshops seminars colonies retreats and organizations **Guide to Writers' Conferences, 1990** Lawrence H.
