**Moments in History II** Mark R. Brewer, 2022-03-16. *Moments in History II* is similar in format to *Moments in History* but each book stands alone in that one does not have to read one in order to enjoy the other. They each contain chapters that examine a historical event and then look at the life of the individual at the center of that event. These people are sometimes famous, sometimes obscure, sometimes heroic and sometimes scoundrels, but they are always interesting.

**The Secret Founding of America: The Real Story of Freemasons, Puritans, and the Battle for the New World** Nicholas Hagger, 2011-12-21. The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620. Yet thirteen years earlier in 1607 the Jamestown settlers became the first English speaking outpost to survive. And it is from this date that the USA is celebrating its 400th anniversary. *The Secret Founding of America* introduces these two groups of founders: the Planting Fathers who established the earliest settlements along essentially Christian lines and the Founding Fathers who unified the colonies with the Declaration of Independence and the Constitution, and it argues that the new nation conceived in liberty was the Freemasons' first step towards a new world order. Drawing on original findings and an in-depth understanding of the political and philosophical realities of the time, historian Nicholas Hagger charts the connections between Gosnold and Smith, Templars and Jacobites, and secret societies and libertarian ideals. He also explains how the influence of German Illuminati worked on the constructors of the new republic and shows the hand of Freemasonry at work at every turning point in America's history from Civil War to today's global struggles for democracy.
