Strange Africa:

Strange Africa Lawrence George Green, 1938 Tales of the Kalahari diamonds lion hunters Indian Ocean travellers enthrall the reader *African History: A Very Short Introduction* John Parker, Richard Rathbone, 2007-03-22 Intended for those interested in the African continent and the diversity of human history this work looks at Africa's past and reflects on the changing ways it has been imagined and represented It illustrates key themes in modern thinking about Africa's history with a range of historical examples **British Africa**, 1899 **Chipped** K. A. Johnson, 2025-04-07 What's a talisman to do when

his human dies and he finds himself in the hands of someone she loved but he can't stand Chip lived in Isabelle's pocket for 25 years He was her talisman that little voice in her head that gave her the courage to travel from the slopes of Kilimanjaro to the beaches of Southern France and beyond When she's killed in a tragic accident their magical bond unravels Shared memories fade Without his beloved human Chip fears he'll become nothing but a silent lump of stone Isabelle's niece Sara lives on the family farm under the strict control of her husband Chip awakens one day to find he's been shipped to her in a box of Isabelle's belongings Still grief stricken he's yearning for Isabelle's voice and only pays attention to Sara because she sneaks into one of Isabelle's journals to escape her own bleak existence This isn't the life Isabelle would've wanted for Sara but Chip isn't her talisman He couldn't help even if he wanted to she can't hear him Sharing Isabelle's words however might just give them both the strength they need to carry on From the author of *Trusting Bamboo Bridges* comes *Chipped* another poignant story of love loss and the struggle to find one's own path **Creating Opportunities for Change and**

Organization Development in Southern Africa Dalitso Samson Sulamoyo, 2012-09-25 This book argues that successful Organization Development OD applications in cross cultural settings require localization to suit local conditions It critiques reliance on cultural frameworks alone and highlights the role of cultural translations of OD techniques in southern Africa

Africa Unveiled Henry Rowley, 1876 **East Africa's grasses and fodders: Their ecology and husbandry** G. Boonman, 2013-03-09 The series *Tasks for Vegetation Science* is devoted to a variety of research aspects in vegetation science pure as well as applied Of the applied problems one of the most pressing is to achieve better knowledge and improvement of the pasture vegetation in tropical and subtropical regions As series editor I was impressed by the sheer volume of useful scientific information concerning pasture plants from East Africa collected during many years by Dr Boonman and compiled in one manuscript Dr Boonman first came to East Africa in 1963 on an overland journey along the river Nile which took him from Alexandria in Egypt to Lake Victoria in Uganda and Kenya and back again After a brief spell as a cotton agronomist in the Sudan Gezira he joined the grassland research team at Kitale Kenya in 1966 Improvement of seed yield of tropical grasses was his principal interest which finally led him into the field of breeding grasses Well known varieties from his work include Boma Elmba Rhodesgrass as well as Clone 13 Elephantgrass In 1979 he was recalled to The Netherlands to head a cooperative seed company involved in the breeding of grasses and cereals The author has focused this

study on one region Eastern Africa Global application of theories runs into conflicts too easily with local types of farming if not with bare economics Very few books can be found that describe existing practices and seek local answers by digging deep in the stacks of old local reports **United Empire** ,1940 *Traveller Tales of South Africa* Hezekiah Butterworth,1900 **At the Fireside** Roger Webster,2013-04-04 Roger Webster published his first volume of At the Fireside stories in 2001 It became an overnight bestseller and he went on to write three more books filled with magnificent stories from southern African Now more than ten years later Roger Webster is back with another all new volume of fireside tales of people and events that have shaped this remarkable country The author brings to life anecdotes from the country s past either forgotten or perhaps left untold as a result of political prejudice These are tales of courage and failure honour and greed hope and despair unexpected and extraordinary achievements but ultimately stories of real people *South Africa. A Study in Colonial Administration and Development. [With a Map.]* William Basil Worsfold,1895 *Littell's Living Age* ,1896
