## Stranger To The Fur Trade:

Strangers in Blood Jennifer S. H. Brown, 1996-01-01 For two centuries 1670 1870 English Scottish and Canadian fur traders voyaged the myriad waterways of Rupert's Land the vast territory charted to the Hudson's Bay Company and later splintered among five Canadian provinces and four American states The knowledge and support of northern Native peoples were critical to the newcomer's survival and success With acquaintance and alliance came intermarriage and the unions of European traders and Native women generated thousands of descendants Jennifer Brown's *Strangers in Blood* is the first work to look systematically at these parents and their children Brown focuses on Hudson's Bay Company officers and North West Company wintering partners and clerks those whose relationships are best known from post journals correspondence accounts and wills The durability of such families varied greatly Settlers missionaries European women and sometimes the courts challenged fur trade marriages Some officers Scottish and Canadian relatives dismissed Native wives and Indian progeny as illegitimate Traders who took these ties seriously were obliged to defend them to leave wills recognizing their wives and children and to secure their legal and social status to prove that they were kin not strangers in blood Brown illustrates that the lives and identities of these children were shaped by factors far more complex than blood Sons and daughters diverged along paths affected by gender Some descendants became Métis and espoused Métis nationhood under Louis Riel Others rejected or were never offered that course they passed into white or Indian communities or in some instances identified themselves without prejudice as half breeds The fur trade did not coalesce into a single society Rather like Rupert's Land it splintered and the historical consequences have been with us ever since *Strangers in Blood* Jennifer S. H. Brown, 1980 Describes the social world of the traders in the 18th and 19th centuries Examines differences between the North West Company and the Hudson's Bay Company and their effects on Indian-white relations **The Fur Traders of the West, Or, Adventures Among the Redskins** Ernest Richard Suffling, 1896 Fur Trade Review Weekly, 1894 **Fur Trade Journal of Canada**, 1949 *Miller's New York as it Is, Or Stranger's Guide-book to the Cities of New York, Brooklyn and Adjacent Places*, 1870 *Early Fur Trade in California* Davina Ruth Cruden, 1922 The Young Fur-traders; Or, Snowflakes and Sunbeams from the Far North Robert Michael Ballantyne, 1899 *Customary Strangers* Joseph C. Berland, Aparna Rao, 2004-03-30 Social scientists have generally remained impervious to a major economic and cultural adaptation namely the peripatetic lifestyle although this adaptation has been an integral part of developments within the socioeconomic and cultural networks that social scientists study This lack of interest derives perhaps from the ambiguous integration of peripatetics into these networks as well as the often negatively charged constructs Gypsies outsiders or marginal others imposed on peripatetics by dominant cultures As peddlers of the strange to borrow a phrase from Clifford Geertz peripatetics are situated at the fringes of their host societies and many students of the social ecological and behavioral sciences still continue to overlook the roles of peripatetic peoples This collection presents the latest in cross

cultural comparative research on the nature of peripatetic peoples Contributors examine the place of peripatetic peoples in the everyday lives and diverse cognitive maps of client communities Relying on Georg Simmel s construct of The Stranger the contributors to this volume suggest that peripatetic peoples are simultaneously outsiders and insiders but most important they are entrepreneurial middlemen traders par excellence All told the essays provoke vital reassessments of the anthropological focus on the role and status of cultural brokers and go betweens in political economic and social interactions
