Letters of Denization and Acts of Naturalization for Aliens in England, 1509-1603 William Page,1893 [Home in Motion: The Shifting Grammars of Self and Stranger](#) Pedro F. Marcelino,2020-05-06 Home in Motion The Shifting Grammars of Self and Stranger is a collection of essays on contemporary identities and ethnoscapes from Australia to South Africa from Morocco to Nepal and everywhere in between *English Synonyms and Antonyms, with Notes on the Correct Use of Prepositions* James Champlin Fernald,1896 *Ballads from Manuscripts: Ballads on the condition of England in Henry VIII's and Edward VI's reigns, (including the state of the clergy, monks and friars,) on Wolsey, Anne Boleyn, Somerset, and Lady Jane Grey; with Wynkyn de Worde's Treatise of a galaunt (ab. 1520 A. D.) edited by F.J. Furnivall* Frederick James Furnivall,William Richard Morfill,1872 [Quarto Series ,1888](#) *Entertaining Angels Unaware* Philip A. Gottschalk,2021-01-25 The United States and many western European nations have grown by immigration What sort of reception have immigrants been given by Christians Are Christians today aware of the need of people suffering from war or persecution to immigrate to safe places In earlier times immigrants were generally like us Now many immigrants are often Muslims who not only dress distinctively but practice a different religious creed as well Many fear that terrorists will enter our country under the guise of immigrants Christians however belong to another kingdom the kingdom of Jesus the Messiah A Christian response to the needs of refugees and immigrants should reflect their commitment to Christ more than their fears or political allegiances Through stories of immigrants in the past and present this book aims to show that not only is it safe to accept them but our commitment to Christ compels us to help those less fortunate than ourselves [Diversity and Difference in Early Modern London](#) Jacob Selwood,2016-05-23 London in the sixteenth and seventeenth centuries was a surprisingly diverse place home not just to people from throughout the British Isles but to a significant population of French and Dutch immigrants to travelers and refugees from beyond Europe s borderlands and from the 1650s to a growing Jewish community Yet although we know much about the population of the capital of early modern England we know little about how Londoners conceived of the many peoples of their own city Diversity and Difference in Early Modern London seeks to rectify this addressing the question of how the inhabitants of the metropolis ordered the heterogeneity around them Rather than relying upon literary or theatrical representations this study emphasizes day to day practice drawing upon petitions government records guild minute books and taxation disputes along with plays and printed texts It shows how the people of London defined belonging and exclusion in the course of their daily actions through such prosaic activities as the making and selling of goods the collection of taxes and the daily give and take of guild politics This book demonstrates that encounters with heterogeneity predate either imperial expansion or post colonial immigration In doing so it offers a perspective of interest both to scholars of the early modern English metropolis and to historians of race migration imperialism and the wider Atlantic world An empirical examination of civic economics taxation and occupational politics that asks broader

questions about multiculturalism and Englishness this study speaks not just to the history of immigration in London itself but to the wider debate about evolving notions of national identity in the sixteenth and seventeenth centuries
