Around The World In Eighty Days Michael Palin, 2010-05-27 The pace of this kind of travel has not much changed since Fogg set out in 1872 Trains may be a little faster but there are certainly no high speed rail links yet across India China or the USA Passenger services have practically disappeared from the world s shipping lanes Recourse to air travel even as a convenient means of escape was not allowed Following the route taken by Phileas Fogg 115 years earlier Michael Palin set out from the Reform Club to circumnavigate the world The rules were simple but nothing else about the trip was straightforward From a tour of Venice on a rubbish barge to ship spotting at the Suez Canal and the bicycle rush hour and snake snacks in China this is an unparalleled tribute to man s ability to make life difficult for himself *Around the world in eighty days, tr. by G.M. Becker, 2024-09-23 Tense and aspect are crucial devices of sentence meaning They interact with Aktionsart but also with verb types and adverbs when indicating temporal relations and building temporal discourse structure On the discourse level they are co determined by narrative functions enhancing the complexity of their description The volume depicts this vast field It unites twelve contributions which elaborate on three thematic cores 1 the context sensitivity of tense and aspect and their relationships with neighbouring categories 2 their interaction with adverbs 3 their functioning in discourse The volume advances our knowledge of the matters at hand in different respects It discusses the onomasiological status of categories such temporality and aspectuality critically It addresses the functioning of tense in discourse from various angles A further focus is placed on the imperfective past tense aspect form its uses and meaning potentials Its analysis ranges from marking evidentiality to indicating perspectives The volume combines papers with various theoretical approaches and methodologies notably formally oriented linguistics and data driven accounts The multiplicity of subjects and methods may resonate beyond the field of Romance linguistics Around the World in Eighty Days Jules Verne, 1906 *A floating city.
