**London Union on Church Matters**

## **Symbol And Conquest:**

Symbol and Conquest Ronald L. Grimes, 1976 *Symbol and Conquest* makes a number of innovative analytical distinctions which Professor Grimes interweaves skillfully with his descriptions of the rituals and symbols of the two dominant public celebrations in modern Santa Fe This New Mexican city is an especially appropriate subject for the study of symbolic action in a contemporary setting Santa Fe not only has inherited a rich store of icons emblems and insignia from its dramatic past and an arena of conflict and alliance between Hispanic Anglo and Indo peoples and cultures but also has generated new signifiers In addition to the processions and pageants that are the main focus of his book Grimes considers such important modern sources of symbolism as tourism the Chamber of Commerce the civic establishment and other by products of commercialism He is also sensitive to the ways in which public symbolism is influenced by the resident artistic community and by immigrant mostly Anglo religious groups who are seeking to construct liturgical forms more in keeping with contemporary experience than those of their metrical churches and sects Victor W Turner
