Symbolic Interactionism Sheldon Stryker,1980 [Sociological Understandings of Teachers' Emotions: A Short Introduction, Critical Review, and the Way Forward](#) Kwok Kuen Tsang,2015-02 Teachers emotions have been issues drawing the attentions of educational scientists Since teachers emotions has been regarded as a psychological phenomonon the educational scientists explain how teachers feel and how their feelings affect educational process with psychological theories However more and more educational scientists note that teachers emotions are socially constructed and the social construction of teachers emotions is not explained by the psychological theories As a result they swith their theoretical perspectives from psychology to sociology In the literature the sociological theories they have employed include the labor process theory theory of bureaucracy emotional labor theory post structuralism theory of emotinoal geographies and identity theory Nevertheless each of the theories has some limitations Therefore the goals of this book is to 1 introduce and review the sociological theories which are applied to explain teachers emotions critically and 2 propose a sociological framework and research agenda for further studies based on the critically review

21st Century Sociology: A Reference

Handbook Clifton D. Bryant,Dennis L. Peck,2007 Publisher Description *Historical Developments and Theoretical Approaches in Sociology - Volume I* Charles Crothers ,2010-11-30 Historical Developments and Theoretical Approaches in Sociology in two volumes is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty Encyclopedias Sociology is one of several social science disciplines and smaller bodies of knowledge which seeks to understand the patterns in social life There is a broad congruence between the objective configurations of social life and the components of the disciplines studying them the body of sociological knowledge is socially constructed and the pathways to its gaining of knowledge influenced by a variety of factors Moreover since social life is ever changing sociology often has to scramble to catch up with the changing social world This work is built up around four broad topics the first providing important shared contextual material and then followed by three broad levels of social analysis with each of these four parts containing a number of chapters with more specific and in depth information The theme essay provides a general introduction and overview of the theme as a whole In total the work holds 40 contributions written by a selection of many international renowned specialists from 12 countries It was important to obtain a wide range of viewpoints giving the ways in which social issues arise quite differently in a range of countries These two volumes are aimed at the following five major target audiences University and College Students Educators Professional Practitioners Research Personnel and Policy Analysts Managers and Decision Makers NGOs and GOs

Individual and Society Elizabeth A. Crawford,Katherine B. Novak,2024-05-14 Unlike other texts for undergraduate sociological social psychology courses Individual and Society covers each of the three research traditions in sociological social psychology symbolic interactionism social structure and personality and group processes and structures With this

approach the authors make clear the link between sociological social psychology theory and methodology. Students will gain a better understanding of how and why social psychologists trained in sociology ask particular kinds of questions the types of research they are involved in and how their findings have been or can be applied to contemporary societal patterns and problems. This new third edition makes the emphasis on social inequality within sociological social psychology a key theme in earlier versions of the book more salient throughout the text by including new or expanded discussions of intersectionality, positionality, the experiences of gender and sexual minorities, racial microaggression, contemporary social movements and the complexities of allyship. Other additions to the text address the ubiquity of the Internet and social media where the authors consider how these phenomena have shaped the experiences of Generation Z the first digital natives and altered individuals' self-concepts and social relationships. Engaging exercises and group activities are also embedded within each chapter to enhance students' readiness to reflect and think critically about the social world around them and to improve their understanding of the different dimensions of sociological social psychology and how they relate to everyday life.

Teaching Interculturality 'Otherwise' Fred Dervin, Mei Yuan, Sude, 2022-12-14. This edited volume focuses on the thorny and somewhat controversial issue of teaching and learning interculturality in a way that considers the notion from critical and reflexive perspectives when introduced to students. Comprised of three parts the book discusses the nuts and bolts of teaching interculturally, considers changes in the teaching of interculturality and provides pedagogical insights into interculturalising the notion. It studies both teaching in explicitly about interculturality and how to incorporate interculturality into teaching practices or into an institution. By sharing varied cases and theoretical reflections on the topic the editors and contributors from different parts of the world aim to stimulate more initiatives to enrich the field instead of delimiting it especially in complement to and beyond the West or Global North and also to build up further reflexivity in the way readers engage with interculturality in education. This will be a must read for teachers and researchers of intercultural communication education at different educational levels as well as anyone interested in scholarship on education for interculturality. Chapter 3 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons 4.0 license.
