## Strange Dreams:

*Strange Dreams* Richard Reich, 2009-12-06 Ten great new stories running the gamut from fantasy sci fi and horror to satire and biography      Shifting Stories Sarah M. Allen, 2020-10-26 *Shifting Stories* explores the tale literature of eighth and ninth century China to show how the written tales we have today grew out of a fluid culture of hearsay that circulated within elite society Sarah M Allen focuses on two main types of tales those based in gossip about recognizable public figures and those developed out of lore concerning the occult She demonstrates how writers borrowed and adapted stories and plots already in circulation and how they transformed them in some instances into unique and artfully wrought tales For most readers of that era tales remained open texts subject to revision by many hands over the course of transmission unconstrained by considerations of textual integrity or authorship Only in the mid to late ninth century did some readers and editors come to see the particular wording and authorship of a tale as important a shift that ultimately led to the formation of the Tang tale canon as it is envisioned today      **Cognition During Sleep: Hyperassociativity, Associativity and New Connections** Caroline L. Horton, Sue Llewellyn, 2021-03-04      *Treasury of Wisdom, Wit and Humor, Odd Comparisons and Proverbs*, 1891      Solariad Surazeus Astarius, 2017-10-15 *Solariad of Surazeus* Guidance of Solaria presents 114 920 lines of verse in 1 660 poems lyrics ballads sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 2006 to 2011      **Imagination in Dreams and Their Study** Frederick Greenwood, 1894      **Literary Societies Of Republican China** Kirk A. Denton, Michel Hockx, 1955-01-01 *Literary Societies in Republican China* provides a new and comprehensive perspective on the fascinating literary world of the most turbulent period in recent Chinese history the Republican era of 1911 1949 Wedged between the fall of the Empire and the founding of the Communist state the Republican period witnessed enormous social political and cultural changes Traditionally the period is seen as one of transition from the country being partially colonized and occupied to being an independent nation state from Confucianism to socialism from writing in classical Chinese to writing in the everyday vernacular Modern scholarship however has become suspicious of such attempts to analyze history including cultural history as a journey from A to B via C Instead attention has turned to the thick description of complex historical phenomena without worrying about whether or not they fit into some neat linear scheme Inevitably such scholarship benefits from collaboration and teamwork from the juxtaposition of different insights and different materials in order to gain in overall breadth *Literary Societies in Republican China* represents such teamwork and such breadth The thirteen essays by eleven scholars from North America Europe and Asia present detailed discussions of particular literary groups active on the Republican era literary scene Some of these groups are familiar representatives of what used to be considered the mainstream while others represent literary styles that have hitherto been considered marginal or that have been ignored altogether Each of the essays in this volume looks in detail at literary societies both as producers of literary views and texts and as organizations with sometimes very complex social structures The result is a

unique blend of literary cultural and social history unrivalled in any English language scholarship on China to date
