Strange Ways Of Man:

How to Seduce a Man- and Make Him Crazy for You! Tips and Tricks Prof N L Shraman,2020-03-26 Seduction is a game of psychology not beauty and it is within the grasp of any person to become a master at the game All that is required is that you look at the world differently through the eyes of a seducer What will seduce a person is the effort we expend on their behalf showing how much we care how much they are worth Seducers take pleasure in performing and are not weighed down by their identity or by some need to be themselves or to be natural Every seduction has two elements that you must analyze and understand first yourself and what is seductive about you and second your target and the actions that will penetrate their defenses and create surrender
