The Forever All: A Philosophical and Spiritual Guide, 2nd Ed Guyus Seralius, 2014-05-21 In my pantheistic view the entire universe is the Supreme Being an infinite purposeful system of positive and negative forces which has always existed and always will and each of us is that eternal being of light and darkness In this book I discuss the importance of balance and how it is the heart of the All and the secret of life I discuss the needed balance between the atheists and the theists between the capitalists and the socialists between the Democrats and the Republicans and between the government and the governed I also discuss how neither science nor religion independent of the other can adequately explain the world and how ultimate truth will only arise when the scientific thinkers join forces with the spiritual thinkers I created this book as a philosophical and spiritual guide for all those seeking truth Inside you will find my views on pantheism metaphysics science technology politics and religion along with samples of my artwork 30 illustrations included *A Life of William Shakespeare. 2.
