Guns, An American Conversation The Editors at Spaceship Media, 2020-10-13 From Pulitzer Prize winning reporters Can complete strangers representing every point along the political divide engage in civil and productive discourse on the topic of gun control As Americans we spend a lot of time talking about guns With the political division in the country evidenced by the Capitol insurrection and voter fraud protests it s not surprising that we rarely have real conversations with people whose ideas don t align with ours about gun ownership Democrats and liberals usually talk with other Democrats and liberals not Republicans and conservatives That is perhaps why the country is so divided when it comes to reducing gun violence *Guns an American Conversation* features the results of a fascinating nationwide conversation about guns A group of 150 strangers were brought together in a month long moderated Facebook group chat They featured teachers Second Amendment advocates hunters police officers and mothers and fathers from across the political spectrum and the fifty states Together they participated in a project meant to foster civil yet honest dialogue between people whose backgrounds and beliefs led them to have opposing views on the issue of gun control *Guns* attempts to map out common territory in a nation driven by profound divides It includes real information about gun laws in the United States providing the reader with tools to continue the discussion in their own lives With sidebars charts and graphics that are clear and easy to navigate *Guns* might not change your mind about gun control but it will help you learn to cross divides in conversation as America navigates the way forward on this difficult issue

Emily Gets Her Gun Emily Miller, 2013-09-03 In the wake of tragic shootings in Newtown and Aurora the anti gun lobby has launched a campaign of lies distortion misrepresentation and emotional manipulation that is breathtaking in its vitriol and its denial of basic facts Their goal is to take away our Second Amendment rights and then disarm law abiding Americans Emily Miller tells her personal story of how being a single female victim of a home invasion drove her to try to obtain a legally registered gun in Washington D C The narrative sometimes shocking other times hilarious in its absurdity gives the reader a real life understanding of how gun control laws only make it more difficult for honest law abiding people to get guns while violent crime continues to rise Using facts and newly uncovered research Miller exposes the schemes politicians on Capitol Hill in the White House and

around the country are using to deny people their Second Amendment rights She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on our right to keep and bear arms The gun rights debate isn't just about firearms It's about protecting a fundamental right that is enshrined in the U S Constitution It's about politicians who lie manipulate and outright break existing laws to get what they want It's about President Obama wanting a bigger federal government to control you Not just your guns you The fight for gun rights is the fight for freedom Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go
