The Library of Wit and Humor, Prose and Poetry Ainsworth Rand Spofford, 1891 **Conversations on Some of the Old Poets** James Russell Lowell, 1893 *Selected Poetry* Samuel Coleridge, 2003-06-26 Living in a revolutionary age Coleridge's poetry was written in a spirit of moral and emotional inquiry into the absolutes of the human condition He is best known for his visionary poetry Kubla Khan and his ballads The Rime of the Ancient Mariner but he used and transformed a variety of verse forms from the sonnet to the conversation poem on subjects as diverse as nature love and politics This selection calls attention to the range of Coleridge's work its strong autobiographical content and its artistic development throughout his career The old chronological form has been abandoned and the poems are organised according to genre with each section displaying its own individual development in craft and theme **The Table Talk and Omniana of Samuel Taylor Coleridge** Samuel Taylor Coleridge, 1888 A Library of Poetry and Song William Cullen Bryant, 1874 The Life, Letters and Table Talk of Benj. Rob. Haydon Richard Henry Stoddard, 1876 **Benjamin Robert Haydon: Correspondence and Table-talk** Benjamin Robert Haydon, 1876 **Talking Poetry** Lee Bartlett, 1987 **Chambers's Cyclopædia of English literature, revised by R. Carruthers**, 1889 *Conversations with Kentucky Writers* L. Elisabeth Beattie, 1996 *Conversations with Kentucky Writers* was more than three years in the making as Beattie traveled across Kentucky and beyond to capture oral histories on tape Her exhaustive knowledge of these authors work helped her to draw

our personal revelations about their books their lives and the nature of writing When Still concludes his interview with I believe I've told you more than anybody he could be speaking for any of Beattie's subjects **Poets Talking** Clive Wilmer, 1994 Between 1989 and 1992 Clive Wilmer interviewed many poets for Radio 3's Poet of the Month This book includes 19 of those conversations and two additional interviews Wilmer chose poets he wanted to talk to most of them with a substantial following *Nonfictional Romantic Prose* Steven P. Sondrup, Virgil Nemoianu, Gerald Gillespie, 2004 Nonfictional Romantic Prose Expanding Borders surveys a broad range of expository polemical and analytical literary forms that came into prominence during the last two decades of the eighteenth century and the first half of the nineteenth They stand in contrast to better known romantic fiction in that they endeavor to address the world of daily empirical experience rather than that of more explicitly self-referential fanciful creation Among them are genres that have since the nineteenth century come to characterize many aspects of modern life like the periodical or the psychological case study others flourished and enjoyed wide spread popularity during the nineteenth century but are much less well known today like the almanac and the diary Travel narratives pamphlets religious and theological texts familiar essays autobiographies literary critical and philosophical studies and discussions of the visual arts and music all had deep historical roots when appropriated by romantic writers but prospered in their hands and assumed distinctive contours indicative of the breadth of romantic thought SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross-cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self-commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative

forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age
