Rice Burroughs,2020-09-28 I am no historian no chronicler of facts and furthermore I hold a very definite conviction that there are certain subjects which fiction writers should leave alone foremost among which are politics and religion However it seems to me not unethical to pirate an idea occasionally from one or the other provided that the subject be handled in such a way as to impart a definite impression of fictionizing Had the story that I am about to tell you broken in the newspapers of two certain European powers it might have precipitated another and a more terrible world war But with that I am not particularly concerned What interests me is that it is a good story that is particularly well adapted to my requirements through the fact that Tarzan of the Apes was intimately connected with many of its most thrilling episodes I am not going to bore you with dry

political history so do not tax your intellect needlessly by attempting to decode such fictitious names as I may use in describing certain people and places which it seems to me to the best interest of peace and disarmament should remain incognito Take the story simply as another Tarzan story in which it is hoped you will find entertainment and relaxation If you find food for thought in it so much the better Doubtless very few of you saw and still fewer will remember having seen a news dispatch that appeared inconspicuously in the papers some time since reporting a rumor that French Colonial Troops stationed in Somaliland on the northeast coast of Africa had invaded an Italian African colony Back of that news item is a story of conspiracy intrigue adventure and love a story of scoundrels and of fools of brave men of beautiful women a story of the beasts of the forest and the jungle If there were few who saw the newspaper account of the invasion of Italian Somaliland upon the northeast coast of Africa it is equally a fact that none of you saw a harrowing incident that occurred in the interior some time previous to this affair That it could possibly have any connection whatsoever with European international intrigue or with the fate of nations seems not even remotely possible for it was only a very little monkey fleeing through the tree tops and screaming in terror It was little Nkima and pursuing him was a large rude monkey a much larger monkey than little Nkima
