## **The Beloved Community America:**

*American Dream 2.0* Frank Anthony Thomas, 2012 The promise of America has always been creative potential enterprise industry optimism idealism and hope This promise known since the beginning of the New World and named since the Great Depression as the American Dream is what makes immigrants cry at the base of the Statue of Liberty But there is a dark side to the American Dream too one that we don't talk about much in polite company A side characterized by the exploitation and domination of subjugated people The national climate has caused many to question the validity of the American Dream and whether it even offers a viable vision for the nation There are few greater questions to ask Our collective future depends on a common vision If the American Dream is dead then what happens next This book evaluates the American Dream establishes its roots gives reasons for its decline and offers solutions to reclaim the promise of the American Dream that is more aligned with Jesus vision of the kingdom of God and Martin Luther King Jr's vision of the Beloved Community Our challenge is to develop a redesigned American Dream a sustainable future for all free from exploitation and domination of subjugated people

[Social Justice Goes To Church: The New Left in Modern American Evangelicalism](#) Jon Harris, 2020-10-06 The infusion of social justice into the gospel may well be the most dangerous problem facing the church today Yet it is going unnoticed in far too many circles Social Justice Goes to Church can serve as a wake up call Samuel C Smith Ph D Chair and Graduate Program Director Department of History Liberty University In order to understand why so many evangelicals recently support left leaning political causes it is important to know a little history In the 1970s many campus radicals raised in Christian homes brought neo Marxist ideas from college back to church with them At first figures like Jim Wallis Ron Sider and Richard Mouw made great gains for their progressive evangelical cause But

after the defeat of Jimmy Carter the religious right stole the headlines Today a new crop of mainstream evangelicals has taken up the cause of the New Left whether they know it or not As pro life evangelicals rush to support movements like BlackLivesMatter and MeToo it is important to realize they are walking in footprints already laid down Their mission may be more successful but it is not new To understand where the evangelical social justice movement is heading it is vital to understand the origins of the movement Social Justice Goes to Church The New Left in Modern American Evangelicalism answers from a historical perspective the vital question Why are American evangelicals moving Left The great injunction to the Church was to preach the Gospel to the world while not being of the world Social justice neatly reverses this trend preaching the ways of the world into the church That is not its only critical reversal The Gospel is about freedom from guilt and sin and bondage Social justice seeks above all to apportion guilt and sin and bondage enslaving entire demographics and requiring that they kneel before man in attrition How important that a book of this nature should enter the fray right now I applaud Mr Harris for his excellent work in providing the practical means of identifying and repelling this fraudulent force this ideological interloper this dangerous false teaching Douglas Kruger Author of Political Correctness Does More Harm

for improving the lives of racial minorities and pursuing justice is less a movement and more a collection of diffuse efforts to fend off a retrenchment from affirmative action and nondiscrimination laws improve economic prospects for residents of low income urban neighborhoods and organize grass roots political activities In that context the relationships between religion and civil rights have become less obvious and more complex This volume of essays takes stock of the ways in which different religions their leaders and their followers now see their role in promoting civil rights Developed in conjunction with the Civil Rights Project at Harvard University this book is the first in a series edited by Gary Orfield and Holly J Lebowitz Authors include Robert Franklin president of the Interdenominational Theological Center Robin Lovin dean of the Perkins School of Theology at Southern Methodist University David Chappell a Buddhist scholar at the University of Hawaii Amina Waddud an Islam expert at Virginia Commonwealth University Reuven Kimmelman at Brandeis University and Allan Figueroa Deck professor at the Loyola Institute for Spirituality    **Ethnic Forum** ,1982    **The American Journal of Theology** University of Chicago.
