The Charismatic Phenomenon:

The Charismatic Phenomenon Peter Masters, John Clement Whitcomb, 1982 *The Charismatic Leadership Phenomenon in Radical and Militant Islamism* Haroro J. Ingram, 2016-03-23 Haroro J Ingram journeys through over a century of history from the Islamist modernists of the late 1800s into the 21st century in the first full length examination of the charismatic leadership phenomenon in Islamist radicalism and militancy. Exhaustively researched and founded upon a suite of innovative multidisciplinary paradigms this book features case studies of Hassan al Banna Sayyid Qutb Abdullah Azzam Osama Bin Laden and Anwar al Awlaki. At a micro level Ingram argues that charismatic leaders act as vehicles for the evolution of modern Islamist radicalism and militancy. At a macro level he argues that the transformative charisma phenomenon in Islamist radicalism and militancy produces complex chains of charismatic leaders as individual figures rise by leveraging to varying degrees the charismatic capital of preceding charismatic leaders. Within these case studies Ingram offers new approaches to understanding the nuances of these complex phenomena from his ideal types of charismatic leadership in Islamist militancy spiritual guides charismatic leaders and neo charismatic leaders to his framing of al Qaeda as a charismatic adhocracy. The result is an authoritative analysis of a phenomenon largely ignored by scholars of both charismatic leadership and Islamism. Ultimately this ground breaking investigation offers important insights into the complex nuances that drive the rise and evolution of not only Islamist militancy but radical and militant groups more broadly. *The Charismatic Phenomenon* Pieter Barkhuizen, 1973

Mystical Phenomena and Divine Promises Deacon Albert Graham, 2022-10-05 The reader will be apprised of how God has been speaking to His people through public and private revelation for over 2000 years. A special chapter in this work deals with some saints and holy people who have had private revelations about or visits from souls in purgatory hell or heaven. Another chapter and several of the appendixes are devoted to Marian Apparitions to include those that are approved not approved and those appending a decision by the Church. By far one of the greatest strengths of this undertaking is the identification of some 43 categories of concomitant extraordinary phenomena and some of the saints and holy people who have experienced them. Color paintings by artists are depicted of some saints experiencing such mystical phenomena. Another unique feature of the book is a listing of some 600 individuals from the 13th to the 21st centuries who bore the stigmata. By knowing that God is present and alive to His people this book may help bring others to a deeper faith in God. **Theology is**
