## **The Battle Over Britain Paper Demos:**

*The Battle Over Britain* Philip Dodd, 1995

**Masculinity in British Cinema, 1990-2010** Sarah Godfrey, 2021-10-15

From the new man to the metrosexual British society from the 1990s to the 2000s was pre occupied with questions about masculinity and more specifically with the idea that it was somehow in crisis. The first book length study of British cinematic representations of masculinity in this period this fascinating study offers a feminist analysis of key tropes in this era including the New Lad fatherhood and masculine violence. Positioning these representations within the specific context of British manifestations of postfeminism and neoliberalism the book explores the shifting representations of masculinity in popular British cinema and offers a detailed analysis of important recent developments in gender culture. With case studies of films like *Brassed Off* 1996, *The Full Monty* 1997, *Trainspotting* 1996 and *About a Boy* 2002 this book is a fascinating insight into an understudied period of British cinema and culture.

## **Contemporary Politics, Communication, and the Impact on**

**Democracy** Palau-Sampio, Dolors, López García, Guillermo, Iannelli, Laura, 2021-11-12. The loss of credibility of traditional media and democratic institutions points to the important challenges for the democratic system. Social networks have allowed new political and social actors to disseminate their messages which has raised diversity. However it has also lowered the standards for the circulation of messages and has increased disinformation and hate speech. *Contemporary Politics, Communication and the Impact on Democracy* addresses communication and politics and the impact on democracy. This book offers a valuable contribution regarding the challenges and threats faced by traditional and stable democracies while disinformation, polarization and populism have a main role in the present hybrid communicative scenario. Covering topics such as digital authoritarianism, emotional and rational frames and political conflict on social media this is an essential resource for political scientists, communication specialists, analysts, policymakers, politicians, critical media scholars, graduate students, professors, researchers and academicians.
