The Beatles On Record:

The Beatles on Record Jeff P. Russell, 1982 *The Cambridge Companion to the Beatles* Kenneth Womack, 2009-11-12
From Please Please Me to Abbey Road the fascinating story of the Fab Four's creation works and enduring musical legacy

The Beatles from A to Zed Peter Asher, 2019-10-29 At last I finally understand the alphabet I also love this book secret Beatles knowledge from one of the closest insiders Steve Martin Peter Asher met the Beatles in the spring of 1963 the start of a lifelong association with the band and its members He had a front row seat as they elevated pop music into an art form and he was present at the creation of some of the most iconic music of our times Asher is also a talented musician in his own right with a great ear for what was new and fresh He was asked by Paul McCartney to help start Apple Records the first artist Asher discovered and signed up was a young American singer songwriter named James Taylor Before long he would be not only managing and producing Taylor but also working with Linda Ronstadt Neil Diamond Robin Williams Joni Mitchell and Cher among others *The Beatles from A to Zed* grows out of his popular radio program *From Me to You* on SiriusXM's The Beatles Channel where he shares memories and insights about the Fab Four and their music Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter but also on recurrent themes in the Beatles music the instruments they played the innovations they pioneered the artists who influenced them the key people in their lives and the cultural events of the time Few can match Peter Asher for his fresh and personal perspective on the Beatles And no one is a more congenial and entertaining guide to their music

With the Beatles Alistair Taylor, Pharic Gillibrand, 2011-05-02 When we went to the Palace to get The Beatles their OBEs John Lennon had some acid with him I'm gonna slip it into the Queen's tea he told me I want to open her mind and try to get her to declare war on somewhere nice and warm so we can all go and fight on the beaches After Jane Asher dumped Paul McCartney he literally used to cry on my shoulder We hit the bottle together Hard I had everything and I threw it all away he would say Alistair Taylor was with The Beatles from the moment they signed with Brian Epstein In fact apart from the signatures of each of the Fab Four his is the only other name on the contract From the very beginning he travelled ate partied and even holidayed with them right up until the beginning of the group's spectacular break up As the group's Mr Fixit he settled paternity cases bought islands houses and estates and took care of John Paul George and Ringo when their lifestyles became a little too lively Alistair Taylor was privy to all the secrets that we were never supposed to know Now on the 50th anniversary of Ringo's appointment as drummer he reveals for the first time what it was really like to ride the rollercoaster that was the sixties with The Beatles

MacFarlane,2019-04-08 George Harrison was one of the most prolific popular music composers of the late 20th century During his tenure with the Beatles he caught the wave of 1960s pop culture and began channeling its pervasive influence through his music Often described as The Invisible Singer his solo recordings reveal him to be an elusive yet essential element in the Beatles sound The discussion of George Harrison s Beatle tracks featured in the text employs a Songscape approach that blends accessible music analysis with an exploration of the virtual space created on the sound recording This approach is then used to explore Harrison s extensive catalog of solo works which due to their varied cultural sources seem increasingly like early examples of Global Pop In that sense the music of George Harrison may ultimately be viewed as an important locus for pan cultural influence in the 20th century making this book essential reading for those interested in the history of songwriting and recording as well as the cultural study of popular music **Revolution in the Head** Ian

idea this book explores the creative dialogue between John Lennon and Paul McCartney both with the Beatles and on their own that grew out of that early influence The book is presented in three sections I Stretching the Canvas considers the Liverpool College of Art as the backdrop for John and Paul's early collaborations with painter and musician Stuart Sutcliffe This is followed by discussions of select works created by the Beatles between 1962-69 II Extending the Space focuses on the long distance creative dialogue between Lennon and McCartney as demonstrated in their respective solo recordings of the 1970s III New Colours considers the final works of the Lennon and McCartney creative dialogue as well as various McCartney solo projects released in the years that followed Lennon's death in 1980 Here the focus is on Paul's development as a painter its effect on his creativity and his subsequent efforts to establish the Liverpool Institute for Performing Arts as a world class arts conservatory
