background in classics and folklore to craft this seminal work His experiences studying diverse cultures revealed to him the commonality of death related beliefs across civilizations Written during a time when the study of religion was becoming increasingly empirical Frazer s work serves as a bridge between romantic notions of spirituality and scientific inquiry into human behavior This book is highly recommended for readers interested in anthropology religious studies and psychology Its rich theoretical framework not only enhances our understanding of ancient and contemporary beliefs about immortality but also promotes a broader appreciation for the ways humans cope with mortality making it an essential addition to the library of any serious scholar

The Belief in Immortality and the Worship of the Dead (Complete) Sir James George Frazer, 2006-01-01 The subject of these lectures is a branch of natural theology By natural theology I understand that reasoned knowledge of a God or gods which man may be supposed whether rightly or wrongly capable of attaining to by the exercise of his natural faculties alone Thus defined the subject may be treated in at least three different ways namely dogmatically philosophically and historically We may simply state the dogmas of natural theology which appear to us to be true that is the dogmatic method Or secondly we may examine the validity of the grounds on which these dogmas have been or may be maintained that is the philosophic method Or thirdly we may content ourselves with describing the various views which have been held on the subject and tracing their origin and evolution in history that is the historical method The first of these three methods assumes the truth of natural theology the second discusses it and the third neither assumes nor discusses but simply ignores it the historian as such is not concerned with the truth or falsehood of the beliefs he describes his business is merely to record them and to track them as far as possible to their sources Now that the subject of natural theology is ripe for a purely dogmatic treatment will hardly I think be maintained by any one to whatever school of thought he may belong accordingly that method of treatment need not occupy us further Far otherwise is it with the philosophic method which undertakes to enquire into the truth or falsehood of the belief in a God no method could be more appropriate at a time like the present when the opinions of educated and thoughtful men on that profound topic are so unsettled diverse and conflicting A philosophical treatment of the subject might comprise a discussion of such questions as whether a natural knowledge of God is possible to man and if possible by what means and through what faculties it is attainable what are the grounds for believing in the existence of a God and if this belief is justified what may be supposed to be his essential nature and attributes and what his relations to the world in general and to man in particular Now I desire to confess at once that an adequate discussion of these and kindred questions would far exceed both my capacity and my knowledge for he who would do justice to so arduous an enquiry should not only be endowed with a comprehensive and penetrating genius but should possess a wide and accurate acquaintance with the best accredited results of philosophic speculation and scientific research To such qualifications I can lay no claim and accordingly I must regard myself as unfitted for a purely philosophic treatment of natural theology To speak plainly the question of the existence of a God is too deep for me I dare neither affirm nor deny it

I can only humbly confess my ignorance Accordingly if Lord Gifford had required of his lecturers either a dogmatic or a philosophical treatment of natural theology I could not have undertaken to deliver the lectures **The Belief in Immortality and the Worship of the Dead** James George Frazer,1968 **The Belief in Immortality and the Worship of the Dead - Volume I** James George Frazer,2015-05-04 The Belief in Immortality and the Worship of the Dead Volume I from James George Frazer Scottish social anthropologist 1854 1941 The Belief in Immortality and the Worship of the Dead James George Frazer, Sir,2016-06-15 The Belief in Immortality and the Worship of the Dead by Sir James George Frazer The Belief in God and Immortality James Henry Leuba,1921 The Belief in Immortality Simeon Spidle,1912
