Introduction

The Belle Vue Story

The Belle Vue Story:

The Belle Vue Story Robert Nicholls,1992 Bellevue: Post World War II Years Eastside Heritage Center,2014
Bellevue has grown in just a few generations from a small farming town into an important urban center and economic hub with the foundations for this success being laid in the two decades following World War II The opening of the Mercer Island floating bridge in 1940 promoted the settlement of the lands to the east of Lake Washington during the population and housing boom of the 1950s and 1960s and Bellevue became the primary commercial center for these vibrant new communities Families flocked to the shiny subdivisions with new schools shopping centers churches and parks springing up right behind But it was strong political business and civic leadership that kept Bellevue from being just another sprawling suburb As business began to push outward from Seattle Bellevue was able to grow gracefully and preserve its sense of place It remains a wonderful community for families from around the globe and a place that longtime residents are reluctant to leave
