The Bible, the Qur'an and Science ,1978 *The Bible, the Qur'an and Science* Maurice Bucaille - XKP,2015-11-04 In his objective study of the texts Maurice Bucaille clears away many preconceived ideas about the Old Testament the Gospels

and the Qur'an. He tries in this collection of Writings to separate what belongs to Revelation from what is the product of error or human interpretation. His study sheds new light on the Holy Scriptures. At the end of a gripping account, he places the Believer before a point of cardinal importance: the continuity of a Revelation emanating from the same God with modes of expression that differ in the course of time. It leads us to meditate upon those factors which in our day should spiritually unite rather than divide Jews, Christians and Muslims. As a surgeon, Maurice Bucaille has often been in a situation where he was able to examine not only people's bodies but their souls. This is how he was struck by the existence of Muslim piety and by aspects of Islam which remain unknown to the vast majority of non-Muslims. In his search for explanations which are otherwise difficult to obtain, he learnt Arabic and studied the Qur'an. In it, he was surprised to find statements on natural phenomena whose meaning can only be understood through modern scientific knowledge. He then turned to the question of the authenticity of the writings that constitute the Holy Scriptures of the monotheistic religions. Finally, in the case of the Bible, he proceeded to a confrontation between these writings and scientific data. The results of his research into the Judeo-Christian Revelation and the Qur'an are set out in this book. This book is one of the many Islamic publications distributed by Ahlulbayt Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world. Ahlulbayt Organization www.shia.es is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world and it welcomes your involvement and support.
