The Bible How To Understand And Teach It:

How to Teach the Bible Lucien Coleman, 2003-12-16 The author was conducting a workshop for teachers in a church and was handed a note by a young woman in the workshop The note read I have never taught anything or anyone I don't know how to begin to prepare Can you help Dr Coleman meets scores of teachers just like the young woman He indicates there are men and women who are doing their best but who have serious doubts about their adequacy as teachers of the Bible Wherever you meet them they ask these same questions How can I learn enough about the Bible to have something worth sharing with my class How can I get the members of my class involved in the lessons so I won't have to do all the talking How do you get people interested when they seem so indifferent to Bible study Is there any way to get the class members to study their lessons How do you lead class members to do something about the message of the Bible other than just sit there and discuss it Where can I find out more about teaching methods How do you prepare a teaching plan These workers care deeply about Bible teaching They want to do a good job But they don't quite know how to go about it And that explains the reason for this book Dr Coleman integrates theory and practice in a how to do it book which combines discussions of teaching with skill building exercises He brings the elements of a Bible teacher's conference to the individual who has had no opportunity to attend such a conference At the same time the book may also be used as a textbook for teacher training workshops

The Best Way to Learn and Teach God's Word David Hawkins, 2021-04-12 An effective method for learning God's Word is to use a systematic strategy that involves seven consecutive steps A good way to remember the order in which these seven steps should be taken is by referring to the acrostic PRIME AT When you PRIME AT God's Word you are preparing to better understand and use God's Word The seven steps outlined in the acrostic are Pray Read Interpret Meditate Explore Apply and Teach You should Pray that the Holy Spirit will guide your learning of God's Word Read different versions of the Bible Interpret scripture in your own words Meditate on the meaning and purpose of the scripture Explore commentaries study guides and other biblical references Apply God's Word to your life Teach others what you have learned An effective way to teach God's Word is to engage people in active learning This is best done by designing a pedagogical method that

addresses the following questions What do you want people to be able to do when they have finished the lesson What will they need to know in order to do what should be done How can you facilitate their learning How do you assess learning Establishing a set of learning outcomes is required to answer the first question To answer the second question one must identify the body of knowledge that must be acquired to accomplish the learning outcomes This requires identifying a set of learning objectives that must be achieved The best way to facilitate learning is to provide guided learning materials that address both learning outcomes and learning objectives and ask probing questions And finally some type of quiz or test needs to be developed in order to properly assess learning

The Light of the World: Lessons from the Life of Our Lord for Children Richard

Newton,1884 **Christian Life God's Way** Larry Harmsen,2022-08-01 Larry has come to understand that there are two basic ways that the Bible can be taught The first is the most prevalent It consists of telling the Christian the things that he or she should be doing and the things that he or she should not be doing sometimes accompanied with relatively meaningless ways of doing or not doing these things The second way to teach the Bible is to teach it by revealing what God says in the Bible which we call expository preaching or teaching I am very much in favor of expository teaching If a Christian is taught the Bible not taught about the Bible but actually taught to understand God and God s desire to live in and through us in a fulfilling meaningful way the Christian will be able to determine for him or herself what to do or what not to do as it becomes a part of the person s life rather than just something added to the person s life If living the vibrant Christian life through knowing God and His Word becomes the desire and goal of the Christian life learned from the Holy Spirit through God s Word that inner force becomes an external force far more useful to God than being told what to do or what not to do That desire to teach Christians in a way to build that inner force of God through knowing Him has been mine for many years This book contains Bible studies to help develop that inner force that is only by grace
