Ballano, 2025-11-13 Why can't the Catholic Church fully accept gender diverse LGBTQI members as normal Catholics despite Pope Francis's compassion for the gay community In this cutting edge work Ballano investigates how deductive moral frameworks and institutional homophobia play a key role in the social exclusion of the LGBTQI community in the Catholic Church He traces the contours of this discrimination by using Francis's synodal theology as the primary conceptual framework along with sociological perspectives on gender diversity and morality This volume aims to build sociological synodal bridges for the full LGBTQI inclusion in the Catholic Church It is sure to be valuable reading for church authorities moral theologians and LGBTQI leaders as well as scholars and students of sociology religion theology and gender studies
