**The Chansonnier El Escorial IV. A. 24** Martha K. Hanen,1983      **Binchois Studies** Andrew Kirkman,Dennis Slavin,2000 A man of huge reputation in his own right and as an alumnus of one of the most sophisticated courts in the history of western Europe the fifteenth century composer Binchois remains for us at the turn of the twenty first century one of the key musical figures of his age Yet in spite of the attention afforded him in the past he remains perhaps more than ever an enigma One of the chief aims of this book surprisingly the first concerned solely with the composer is to attempt to begin to unravel that enigma by viewing him from a variety of contrasting angles In so doing it will also provide a catalyst for further research which will further deepen our understanding not only of Binchois himself but also of the cultural environment of which he was part      The Chansonnier El Escorial IV.a.24 Martha K. Hanen,1983      *The chansonnier El Escorial IV.a.24: Commentary* Escorial. Real Biblioteca,1983      **Music at the Aragonese Court of Naples** Allan W.

Atlas,2008-10-30 This book deals with various aspects of musical life at the Aragonese court of Naples from its establishment in 1442 to its demise in the opening years of the sixteenth century An opening chapter gives a general historical cultural background of the court The author then discusses the royal chapel and its most important members as well as other important musicians who were in Naples but who had no known ties with the court in an official sense He goes on to describe the various types of secular music at the court and the music manuscripts compiled in and around Naples The importance of the book lies in its attempt to synthesize all that is known about music at Naples both from discovered archival sources and from the scholarly literature of specialized studies The second part of the book contains a collection of 18 pieces edited from Neapolitan manuscripts which illustrate the earlier chapter on the repertory      The Chansonnier El Escorial IV.a.24: Edition B N° 57-122 Martha K. Hanen,1983

**Early Music History** Iain Fenlon,2009-03-19 Early Music History is devoted to the study of music from the early Middle Ages to the end of the seventeenth century It demands the highest standards of scholarship from its contributors all of whom are leading academics in their fields It gives preference to studies pursuing interdisciplinary approaches and to those developing novel methodological ideas The scope is exceptionally broad and includes manuscript studies textual criticism iconography studies of the relationship between words and music and the relationship between music and society Articles in volume nine include Franco of Cologne on the rhythm of organum purum Music printing in late sixteenth and early seventeenth century Florence Giorgio Marescotti Cristofano Marescotti and Zanobi Pignoni The peace of 1360 1369 and Anglo French musical relations Music and musicians at the Guild of our Lady in Bergeb op Zoom c1470 1510      Secular Renaissance Music Sean Gallagher,2017-07-05 Secular music of the fifteenth and sixteenth

centuries encompasses an extraordinarily wide range of works and practices courtly love songs music for civic festivities instrumental music entertainments provided by minstrels the unwritten traditions of solo singing and much else This collection of essays addresses many of these practices with a focus on polyphonic settings of vernacular texts examining their historical and stylistic contexts their transmission in written and printed sources questions of performance and composers approaches to text setting Essays have been selected to reflect the wide range of topics that have occupied scholars in recent decades and taken together they point to the more general significance of secular music within a broad complex of cultural practices and institutions
