movement's most important successes By securing a voice in the political system while maintaining cultural distinctiveness the indigenous mobilization in Ecuador has challenged traditional concepts of the nation state and democracy Selverston Scher concludes that democracy actually is strengthened when a nation recognizes indigenous rights and affirms its diversity instead of emphasizing cultural homogeneity Based on in depth case studies and field observations as well as literature in political science history and sociology her work presents Ecuador's positive experience with ethnopolitics as a possible model for other multiethnic political systems      The Course of Mexican History Michael C.
