The Christian And Social Action:

Christian Social Action, 1937 **A Sociotheological Approach to Catholic Social Teaching** Vivencio O.

Ballano, 2022-10-31 This book introduces Catholic social teaching CST and its teaching on the common good to the reader and applies them in the realm of public health to critically analyze the major global issues of COVID 19 that undermine public interest. It uses the sociotheological approach that combines the moral principles of CST and the holistic analysis of modern sociology and also utilizes the secondary literature as the main source of textual data. Specifically, it investigates the corporate moral irresponsibility and some unethical business practices of Big Pharma in the sale and distribution of its anti-COVID vaccines and medicines, the injustice in the inequitable global vaccine distribution, the weakening of the United States Congress's legislative regulation against the pharmaceutical industry's overpricing and profiteering, the inadequacy of the World Health Organization's WHO law enforcement system against corruption and the lack of social monitoring in the current public health surveillance system to safeguard the public good from corporate fraud and white collar crime. This book highlights the contribution of sociology in providing the empirical foundation of CST's moral analysis and in crafting appropriate Catholic social action during the pandemic. It is hoped that through this book, secular scholars, social scientists, religious leaders, moral theologians, religious educators, and Catholic lay leaders would be more appreciative of the sociotheological approach to understanding religion and COVID 19. This book brings into dialogue two bodies of literature: documents of Catholic social teaching and modern sociology and its core thinkers and texts. The author does especially well to describe how taking the sociotheological turn will benefit the credibility and dissemination of Catholic social thought. Rev Fr Thomas Massaro S J, Professor of Moral Theology, Jesuit School of Theology, Santa Clara University, Berkeley, California.

Living the Christian Life Robert Homer Ramey, Ben Campbell Johnson, 1992-01-01 Real life situations in today's world constantly challenge people and the authors respond to these challenges by drawing upon the Reformed tradition to provide guidance for spiritual development. Includes practical suggestions, lesson plans, and exercises and recommendations for encouraging spiritual growth. **Psychology and Psychotherapy in the Perspective of Christian Anthropology** Nicolene L. Joubert, Dorothy du Plessis, 2018-12-07 A view of human nature generally forms part of the assumptions that undergird psychological theories and psychotherapeutic approaches. In this book, Christian anthropology is articulated as a foundation for the theories, approaches, and techniques applied in practice by its contributors. Various essays from European-based practitioners in the fields of psychology, psychotherapy, and counselling are included here. These authors draw scientific knowledge from the fields of psychology and psychotherapy focusing on intra-psychic aspects of human functioning such as emotions, drives, and cognitions as well as interpersonal and eco-systemic functioning. In addition to this, the authors consider spirituality as an intrinsic part of humanity through which persons seek meaning and transcendence and that influences physical and mental health. Spiritual insight is gained from the field of theology with specific reference to the Christian faith.
