A Visitation Sermon, Etc** Edward Bickersteth,1841 The lay preacher's guide, by leading Christian workers Lay preacher,1896 A critical engagement with theological education in Africa Johannes J. Knoetze,Alfred R. Brunsdon,2022-02-07 The higher education landscape has arguably become one of the most arduous to traverse More so in the African context where a host of variables continuously challenge educators to reflect critically on their philosophies and practices as they engage an ever changing audience In this book a critical engagement with theological education in Africa is offered As the book originates from South Africa it is presented as a South African perspective although contributors are situated accross the African continent and abroad The common denominator is that all contributers are in some way or another invested in theological education in Africa The main contribution of this collaborative work is to be sought in the insights it offers on four main areas of theological education A historical and current orientation on theological edcuation in Africa some paradigm shifts in theological education in Africa ministerial formation needs versus theological education challenges and a critical reflection on elective models and methods The book presents the original and innovative research of scholars for fellow scholars involved in theological higher education as it is grounded in the respective fields of interest of each contributor It contributes to a better understanding of the complex African theological higher education landscape that is also mindful of post COVID 19 realities Methodologically the work draws on a combination of methods including literature studies empirical work and in some cases sectional offerings from doctoral studies as indicated in the various chapters The Quest for Christian Unity, Peace, and Purity in Thomas Campbell's Declaration and Address Thomas H. Olbricht,Hans Rollmann,2000 Composed in 1809 in order to organize and direct a loosely assembled network of Scots Irish Presbyterians on the Western Pennsylvania frontier the Declaration and Address of the Christian Association of Washington never quite achieved the immediate objectives that compelled its composition Yet the document s lofty vision of a unified Christian Church restored to the peace and purity that the New Testament had preached and promised has for generations fueled the imagination and fired the commitment of millions of Christians worldwide with often quite contradictory results Emerging from the work of an international online seminar this truly monumental volume presents a definitive text with critical apparatus for a landmark document in the history of American religion and worldwide Christian ecumenism along with eighteen insightful incisive studies of the document s historical provenance its theological and ecclesiological significance and its continuing influence
