Hairstyle, Haircare & Beauty Book Linda Sonntag, 1984 A new hairstyle and makeover can mean a new you. But it isn't always as simple as it should be to get it absolutely right. This is an illustrated step by step guide which aims to lead readers to the look they've always been after **Millionaire & Healthy (Millionaire from being Poor:a Reasonable Way for Average People to Become Wealthy and Become Healthy until Your 90's , Hairstyles and Haircare Book** Linda Sonntag, 1995-03 *Hair & Fashion* Caroline Cox, Lee Widdows, 2005-04 Whether long or cropped, curly or straight, hairstyles are a potent force in combination with the latest fashions they create unforgettable images from Vidal Sassoon's Five Point Cut for Mary Quant to the punk look of the 1970s or Sam McKnight's transformative styles for Princess Diana. Hair is fashion and fashion is hair a fascinating symbiotic relationship which is investigated in detail in this timely book. Hair and Fashion considers both the historical development of this relationship and its contemporary significance focusing on key moments from the 1920s bob to the long haired hippie look of the 1960s and the more contemporary Hoxton Fin. The role of colour for hair and its cultural meanings have become increasingly important in the twenty first century an era in which most women have dyed their hair at least once and Hair and Fashion also looks closely at the role of the blonde, brunette and redhead in popular culture. The stimulating text is supported by glamorous and evocative images including ground breaking fashion shoots by top photographers as well as new specially commissioned photographs. Haircuts and hairstyles as this book reveals are no mere simple incursions into hair taming and conformity but a living growing embodiment of cultural codes and meanings with the potential to turn someone into a walking work of art **S/NVQ Level 2 Hairdressing with Barbering Candidate** Leah Palmer, 2005 This candidate handbook covers all the relevant knowledge and skills to pass the S NVQ level 2 in Hairdressing. It contains details on all types of hair case studies and activities and other key points *Designing for Sex and Gender Equity* Isabel Prochner, 2023-12-19 Drawing on original designer interviews this book explores how design interventions can and do support sex and gender equity and what barriers still stand in the way. Isabel Prochner not only brings attention to sex and gender problems related to design artifacts but also provides a unique overview of creative design responses to these issues. The case studies and designer interviews provide new information about how designers can address these issues and the challenges they may encounter whether that's a lack of anthropometric data trouble finding investment and business support or even public resistance. Prochner brings together primary and secondary research and the most contemporary theories on sex, gender and design. This book will be of interest to scholars working in design studies, sex and gender studies, social design, design for health, industrial design, product design, fashion design and interaction design.
