Sarah Lefanu

The Hieros Gamos Of Sam And An Smith:

The Hieros Gamos of Sam and An Smith Josephine Saxton,1969 During the day a blazing and merciless sun beat down on the boy and at night a friendless and cold darkness enveloped him It was a bleak and lonely countryside over which he had been wandering for ten years A rare tree bird or wild animal was the only life he encountered during his desolate trek through his young years of roaming Infrequently he was fortunate enough to find shelter and food in the shops of deserted villages otherwise he foraged what he could from the nearly barren land Contact with other humans was his innermost and greatest fear But the day came when his curiosity overcame his sensibilities of self preservation and he was drawn to the sound of a great wailing not far from a place where he had come to rest From that moment on his whole existence took on a radical change His wanderings became a kaleidoscope of adventures emotions and responsibilities never static forever mobile and potentially dangerous There were moments when it would have been easier to turn his back return to old ways but somehow he knew this was an impossibility He accepted his new fate but still feared the greatest of all commitments until it was too late for him This fantasy adventure will not fail to excite and stir in every reader memories and emotions of seemingly forgotten times and moments
