Reexamining Soviet Policy Towards Germany During the Beria Interregnum James Richter,1992 This article examines recent disclosures about Soviet decisionmaking towards Germany in the period from Stalin's death in March 1953 until Beria's arrest in late June of that same year. Many historians and political scientists have wondered if there might have been a chance during this short period to reunify Germany more than thirty years before Gorbachev came to power Page 1 **The Beria Papers** Alan Williams ((powieściopisarz ;),1975

The Times, Life and Moral Dilemma of Beria Andrew Sangster,2019-02-28 There are some figures in modern history who stand out not just for their amoral conduct but their cruelty. This book explores the life of the notorious Beria, Stalin's henchman. The first part provides an outline of the turbulent history of Russia from 1900 to 1953 in order to set the background from which Beria emerged. The second section presents a biography of Beria from his youth, his early education and his obsequious behaviour towards Stalin to his rise to be the head of the NKVD/KGB and later to be amongst the most senior leaders of the Communist structure in the USSR. He was responsible for the deaths of millions and for organising the Katy massacre, infamous for murdering colleagues and a sexual predator and became the most feared man in the USSR next to Stalin. The third and fourth parts move away from history and biography to moral philosophy in order to understand from where such evil conduct arises. The question of free will is explored in the light of human insight and these sections also discuss the most recent scientific claims concerning human behaviour as well as the factors which influence people in

decision making **Beria** Amy Knight,1993 This is the biography of Lavrentii Beria Stalin's notorious police chief and for many years his most powerful lieutenant Beria has long symbolized the evils of Stalinism yet because his political opponents removed his name from public memory after his execution in 1953 little is known of him The Beria Affair D. M. Stickle,1992 Barely four months after the death of Stalin Beria the feared head of the MVD predecessor of the KGB was suddenly arrested in the Kremlin by Marshall Zhukov and ten armed soldiers acting in conjunction with N Khrushchev G Malenkov A Mikoyan and others Immediately dozens of Beria's deputies were arrested or killed Virtually all local and republic MVD heads were arrested Within days a crucial and top secret Plenum of the Central Committee CPSU convened The significance of this meeting is considered impossible to overestimate in the history of the USSR Besides examining the questions of Beria's antiparty and antigovernment activities the meeting examined the critical issues in society at the time This Plenum laid the groundwork for the path toward freedom from totalitarianism Ahead lay the momentous 20th Party Congress the denouncing of the Cult of Personality the closings of prison camps and mass rehabilitations This book offers the complete text of the secret transcripts of these meetings **ABA Journal** ,1955-05 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association

Khrushchev's Putsch Gerhard Schnehen,2020-05-01 Stalin is commonly considered the quintessential vicious dictator an iconic figure of tyranny But almost none of his many biographers has drawn on primary sources eye witness accounts Stalin's own writings and speeches or what those people who met him had to say about him This assiduously researched book is an attempt to get a little closer to the truth It is based on first hand observations from every stage of his life and it evaluates numerous shocking tropes that were circulated by Stalin's rivals and made into our received view of his rule *The Beria Papers* Alan Williams,2013-11 What if the head of the Soviet secret police had kept a diary of his murders and sexual exploits If published it would cause a scandal Two journalists have the knowledge and the contacts to put together such a diary and offer the rights to a publisher in the West for a million dollars in an unnamed Swiss bank account Secrecy is everything Featuring spies Philby Burgess and McClean drunken dinners in dachas on the Black Sea and all the excesses of the Aprachiks in the Politbureau this is an exotic romp through Cold War Russia with tension high throughout Allan Williams has made this one of the most sensational thrillers of our time Spy fiction from the same stable as Ian Fleming's James Bond
