The Chilcotin War:

The Chilcotin War Rich Mole, 2011-02-01 This colourful account of the Chilcotin War is an insightful and absorbing examination of an event that helped to shape the course of British Columbia history. In the spring of 1864 14 men building a road along the Homathko River in British Columbia were killed by a Tsilhqot'in war party. Other violent deaths followed in the conflict that became known as the Chilcotin War. In this true tale of clashing cultures greed, revenge and betrayal Rich Mole explores the causes and deadly consequences of a troubling episode in British Columbia history that is still subject to debate almost 150 years later. Using contemporary sources Mole brings to life the principal players in this tragic drama: Alfred Waddington, the Victoria businessman who decided to build the ill-fated toll road across the territory of the independent Tsilhqot'in, attempting to connect Bute Inlet to the Cariboo goldfields of the interior; and Klatsassin, the fierce Tsilhqot'in war chief whose people had already endured the devastation of smallpox.

The Chilcotin War Mel Rothenburger, 1978 *The Chilcotin War of 1864* N.L. Barlee, 1976 **Athapaskan Migrations** R. G. Matson, Martin P. R. Magne, 2019-07-02 Migration as an instrument of cultural change is an undeniable feature of the archaeological record. Yet reliable methods of identifying migration are not always accessible. In *Athapaskan Migrations*, authors R. G. Matson and Martin P. R. Magne use a variety of methods to identify and describe the arrival of the Athapaskan-speaking Chilcotin Indians in west-central British Columbia. By contrasting two similar geographic areas using the parallel direct historical approach, the authors define this aspect of Athapaskan culture. They present a sophisticated model of Northern Athapaskan migrations based on extensive archaeological, ethnographic and dendrochronological research. A synthesis of 25 years of work, *Athapaskan Migrations* includes detailed accounts of field research in which the authors emphasize ethnic group identification, settlement patterns, lithic analysis, dendrochronology and radiocarbon dating. Their theoretical approach will provide a blueprint for others wishing to establish the ethnic identity of archaeological materials. Chapter topics include basic methodology and project history, settlement patterns and investigation of both the Plateau Pithouse and British Columbia Athapaskan Traditions, regional surveys and settlement patterns, excavated Plateau Pithouse Tradition and Athapaskan sites and their dating, ethnic identification of recovered material, the Chilcotin migration in the context of the greater Pacific Athapaskan, Navajo and Apache migrations, and summaries and results of the excavations. The text is abundantly illustrated with more than 70 figures and includes access to convenient online appendixes. This substantial work will be of special importance to archaeologists, anthropologists, linguists and scholars in Athapaskan studies and Canadian First Nation studies. Makúk

John Sutton Lutz, 2009-01-01 John Lutz traces Aboriginal people's involvement in the new economy and their displacement from it from the arrival of the first Europeans to the 1970s. Drawing on an extensive array of oral histories, manuscripts, newspaper accounts, biographies and statistical analysis, Lutz shows that Aboriginal people flocked to the workforce and prospered in the late nineteenth century. He argues that the roots of today's widespread unemployment and welfare

dependency date only from the 1950s when deliberate and inadvertent policy choices what Lutz terms the white problem drove Aboriginal people out of the capitalist wage and subsistence economies offering them welfare as compensation

They were true in 1990 when Terry Glavin spent a month living in the Nemiah Valley to learn about the Xeni Gwet in people's successful campaign to prevent logging in their homeland. And they're still true in 2014 since the 1992 publication of *Nemiah The Unconquered Country* the Xeni Gwet in people of BC's Chilcotin region have won a series of court battles that culminated in a landmark June 2014 Supreme Court ruling expanding First Nations land claims they have successfully opposed for a third time. Since long before Canada existed the Nemiah Valley has been home to grizzly bears, moose, the wild horses of the Brittany triangle and the Xeni Gwet in people of the Tsilhqot'in Nation. *Nemiah The Unconquered Country* is the story of the Chilcotin War and of a people determined to resist interference from governments and corporations. It is a rich and moving portrayal of and by the Xeni Gwet in people told through a vivid tapestry of their own stories, a text by renowned author and journalist Terry Glavin and superb photos and design. Indians at Work Rolf Knight, 1996 *Indians at Work* provides an historical background to native labour in BC from the Gold Rush to the beginning of the Great Depression. It counters the common misconception that native people responded to European settlement and industrial development by retreating to a reserve existence. Evidence amassed from logging, transport, construction, longshoring, commercial fishing and canning and a host of other industries shows that native Indians played a significant role in British Columbia's economy from the moment the first European explorers appeared off the coast.
